STUDENT CODE OF CONDUCT

**Elementary K-5
Secondary 6-12**

Approved by BCSB July 9, 2018

Dear Parents:

Safety and discipline are very important aspects of our schools. Order and respect are prerequisites for an effective, successful school. Discipline should be firm, fair, consistent, and reasonable. Parents and school personnel need to work together to ensure the safety of Bradford County schools. A safe and disciplined school is one where teachers and students respect each other and where students can concentrate on learning.

Florida Statutes currently encourage all districts to support a student crime watch program to promote responsibility among students and to assist in the control of criminal behavior within the schools. Bradford County has a joint agreement with the Sheriff's Department, Starke Police Department, and the Bradford County Juvenile Justice Council. Our efforts include prevention programs with our students and community. Most important of all, students in our schools have a responsibility to report crimes, dangerous or potentially dangerous situations to their teacher, administrator, or trusted adult to assist them in notifying the proper authorities.

This Code of Student Conduct has been developed by parents, board members, school personnel, students, and concerned citizens. It has been reviewed and approved by the Bradford County School Board. Therefore, it is an important document and I do hope you will read and study it carefully. Talk with your children about the Code of Student Conduct. Make sure they understand its contents. Contact your principal for explanations if needed. Please sign the acknowledgement page at the back of this document and have your child return it to his/her teacher. Making our school system the best and safest school experience our children can have is a top priority. Your continued cooperation is greatly appreciated and is an integral part of maintaining safe and disciplined schools. Together, we have made a difference and will continue to do so!

THANK YOU TO ALL THE STUDENTS AND PARENTS WHO HELP ENFORCE THE CODE OF STUDENT CONDUCT.

Sincerely,

Stacey Shuford-Creighton

Superintendent, Bradford County Schools

MISSION STATEMENT

The Bradford County School District serves the community by providing a quality education so that all students can excel.

VISION STATEMENT

Equipping students to excel in the 21st Century.

JURISDICTION OF THE SCHOOL BOARD and ADMINISTRATION

The Code of Student Conduct is in force twenty four (24) hours a day, seven (7) days a week on all school campuses/properties as well as such times and places, including, but not necessarily limited to, school sponsored events, field trips, on buses, athletic functions and other activities where school administrators have jurisdiction over students. All school regulations pertain to automobiles driven or parked on school property. All students are required to follow the guidelines set forth in the Code of Conduct anytime they are on any school campus, on school board property, or anywhere they participate in school events, regardless of age. When students enter the campus of another school they place themselves under the jurisdiction of that school administration. Students who are involved in an incident on a school campus other than their own will have a referral written for processing by their assigned school.

Administrative, instructional staff as well as support staff, within the scope of their employment, may use and apply *reasonable force* and restraint to quell a disturbance threatening physical injury to others, to obtain possession of weapons or other dangerous objects upon or within the control of the student, in self-defense, or for the protection of persons or property. Section 1006.11 & 1003.32, Florida Statutes authorizes teachers and other school personnel to use reasonable force to protect him or her or others from injury. The Department of Education has defined reasonable force as, "appropriate professional conduct including physical force as necessary to maintain a safe and orderly environment." The Department of Education has also clarified that school personnel do have the right and the authority to protect: Conditions harmful to learning, Conditions harmful to student's physical and mental health, Conditions harmful to safety, Conditions of harm and/or safety of self, school personnel, and others. Furthermore, Section 1006.11, Florida Statutes provides that a principal, teacher, other staff member, or bus driver shall not be civilly or criminally liable for any action carried out in conformity with School Board rules regarding the control, discipline, suspension, and expulsion of students, except in the case of excessive force or cruel and unusual punishment.

DCF/Law Enforcement Investigations of Child Abuse (F.S. 39.301)

A. Arrival On Campus:

Upon arriving on campus, all personnel from DCF will be required to produce their State issued identification. School personnel shall examine and verify the identity of the DCF representative and may call the Abuse Hotline to confirm but shall not make a photocopy of the ID or request any additional identification document or information. Because immediate investigation of child abuse is critical, every effort must be made to prevent delay in verification.

Upon the initiation of an investigation by DCF and/or law enforcement agency, no additional investigation should be initiated by any school-site personnel. Depending on the nature of the allegations, a representative from one or both of those agencies has the authority to conduct an interview with a student on school premises during the school day and may come to school to do so. Upon arriving on campus the representative from DCF and/or law enforcement agency shall advise the principal of that agency's presence and purpose. Upon the presentation of proper identification, these individuals must be given access to the student.

B. Interviewing Students

A school staff member known to the child may be present during the interview only under the following conditions if:

1. A representative from DCF or law enforcement believes that the school staff member(s) could enhance the success of the interview, and a school-site administrator has informed the alleged abused child that the child may have a staff member present and the child chooses to do so.
2. When a determination has been made to conduct an interview on school grounds, it should be conducted in an area that ensures confidentiality and avoids embarrassment to the student.

C. Removal of Students From Campus

If the representative from DCF or law enforcement agency determines that the student is to be removed from school, this shall be done as inconspicuously and expeditiously as possible. Court orders shall not be required to commence an investigation or remove a child. The agency that removes the student from school shall be responsible for contacting that student's parent(s) or guardian(s).

A DCF employee who removes a child from campus must sign the student out of school pursuant to District policies and procedures.

Under no circumstance shall an alleged student witness be removed from the school or a school sponsored activity or event.

D. Records and Information Sharing

Access to any records or information reasonably necessary to ensure appropriate services for the child or for the safety of the child should be provided to DCF/law enforcement. Such records and information are otherwise confidential and may be shared with DCF/law enforcement only through an interagency agreement and in accordance with Federal and State law.

ATTENDANCE

(E) PHILOSOPHICAL BASIS

1003.26 FS requires the enforcement of school attendance. The Legislature finds that poor academic performance is associated with nonattendance and that the school district must take an active role in promoting and enforcing attendance as a means of improving student performance. Florida Statute 1003.21 states that students who are six on or before February 1st must attend school every school day of the 180-day school year until their sixteenth birthday. Florida Statute 1003.24 establishes that the parent/legal guardian of a child of compulsory age is responsible for the child's daily school attendance and that it is the responsibility of the parent/guardian to provide a written statement to the school explaining the absence following the return of the student to school.

(F) COUNTED PRESENT

For purposes of participation only:

Secondary (6th-12th): Must be in class for 60% of the scheduled class time.

(G) EXCUSED ABSENCES

- * Student Illness:-A parent note (note that the parent or guardian has written or had knowledge of another person writing and hence approved) for the illness will be considered an excused absence. Please note that only 10 parent notes/excused days are allowed for the entire school year to be considered excused absences. Each day absent will count as one parent note. All doctor's note are excused absences. If a student is continually sick and repeatedly absent from school, he or she must be under the supervision of a physician in order to receive an excused absence if unexcused absences exceed ten (10) days per year.
- * Chronic illness (absence of 15 or more consecutive days or continued handicapping condition): The school must be notified by presenting a doctor's note so school administration can investigate options for a child's education. Homebound options might exist; see the site administrator.
- * Observance of a religious holiday, religious instruction or Veteran's Day.
- * Medical appointment.
- * Absence was with the knowledge and consent of the school principal.

- * Related to death in the family with documentation.
- * Participation in academic/school related activity (SRA= S).
- * Students who have been suspended receive an I for ISSP and O for OSS which is an excused absence.
- * Students with a confirmed case of live head lice will be allowed 2 days of excused absences for treatment. Nits and dead lice will not prevent students from attending school.
- * Students having, or suspected to have, a communicable disease or infestation which can be transmitted to others are to be sent home and not allowed to return unless they have been

successfully treated and/or present a doctor's note indicating that they are no longer contagious.

- * Students whose parent or legal guardian is an active-duty member of the uniformed services and has been called to duty, is on leave from, or immediately returned from deployment to a combat zone or combat posting, shall be granted additional excused absences to visit with the parent/legal guardian (FS 1000.36 (V)(E)).

(H) MAKE-UP WORK

- * For excused absences students have two days to make-up work for the first day absent and one additional day for each additional day absent, excluding an out of school suspension. Teachers will provide feedback for make-up work provided for unexcused absences.
- * In the case of excessive Parent Notes, school administration may meet with the family to develop an Attendance Contract to include an academic plan addressing make-up work.
- * For out of school suspension only one day is allowed for each day of the suspension.
- * Work/test(s)/quiz(zes) missed due to an unexcused absence will result in a grade of zero if clearly communicated by the teacher to parents and students. This work should be made up for the purpose of skill development.
- * Teachers will provide homework to the student within 48 hours of the suspension. Students have one day, for every day suspended, to complete work.
- * Any work assigned before a student absence is due upon student return to that class.

(I) UNEXCUSED ABSENCES

- * No parent note was received within 48 hours/2 school days.
- * Please note that only 10 parent notes/excused days are allowed for the entire school year to be considered excused absences. After 10 parent notes (excuses) all parent notes will become unexcused absences. Each day absent will count as one parent note.
- * Please note that students who have excessive unexcused absences must understand that their grades may be adversely affected.
- * For elementary students, minutes lost due to tardy/early checkout may be reason to initiate an attendance contract.
- * Walking at graduation may be affected by excessive unexcused absences for secondary students.
- * Attendance contracts will be developed and enforced for truant students.

(J) GRADING PROCEDURE FOR UNEXCUSED ABSENCES

The District will enforce its attendance policy in grades K-12. In addition, Florida Statute 1003.33 requires class participation and attendance as being part of the grading process. The matter of class participation is also addressed in the Board approved Student Progression Plan at all levels.

For *elementary students* upon the fifth (5th) unexcused absence during a nine-week period the maximum grade value the student will receive is a 59 (F). Kindergarten students will receive a letter grade of U. Students can be retained based on excessive absences, not as a punishment to them, but, understanding that each day missed equals a lesson or concept missed. Please

note that only 10 parent notes/excused days are allowed for the entire school year to be considered excused absences. A teacher attempting to enter a grade value higher than the maximum specified numerical value above would not be allowed to do so without going through the principal to justify a higher value.

For secondary students (grades 6-12), upon the fifth (5th) unexcused daily absence, or a combination of 35 periods absent in any combination of classes during a 9-week period, students will not be allowed to participate in any extracurricular or co-curricular activities during the next 10 school days. This includes, but is not limited to, athletic contests, club activities, dances, 8th grade activities, and junior or senior activities. If a student then successfully attends 10 full days, they may resume extracurricular and co-curricular activities on a probationary basis. These students will be placed on an attendance contract for the duration of the school year.

Tardiness/Early Departure: Tardy is defined as: a student not being in the assigned classroom when the tardy bell rings. Early departure is defined as being signed out before the end of the school day when the departure does not meet the definition of an excused absence. In elementary, as in secondary, the grade of a subject can be impacted by tardiness and early departures. Tardiness and early departures can impact grades and attendance and will be addressed by the principal as needed.

Perfect Attendance: In order to be awarded Perfect Attendance for a 9-week period, a student must attend school every day, have no tardies or early departures.

(K) TRUANCY POLICY

According to FS 1003.26, truancy is the absence from school for which there a clear pattern of nonattendance and for which the reasons are unknown and unexcused. Students with five (5) or more unexcused absences in a calendar month or ten (10) or more unexcused absences in a 90 day period shall be referred to the Child Study School Attendance Team and school staff must meet with the parent/guardian. A student with a disability who is truant will have IEP goals written that address attendance. The child and parent/guardian must follow the recommendations of the Child Study School Attendance Team to correct the truant behavior, unless excused due to the students disability.

If the truancy persists, the Superintendent shall be notified and the procedures outlined in Florida Statute 1003.27 for truancy shall be followed. Those procedures include entering into partnerships with the parent/guardian and school administration designed to correct the truant behavior at 10 days and a referral to the School Attendance Review Board (SARB) at 15 days. The SARB may recommend services for counseling or specific strategies for improving attendance. The recommended actions by the SARB are required by the students and parents/guardians.

In the event these measures are unsuccessful, the Superintendent's designee shall authorize a truancy petition be filed in the Circuit Court and the student and the parent/guardian shall be required to attend a court hearing to determine the appropriate sanctions to be imposed. Pursuant to Florida Statute 1003.27, those sanctions may include, among other things, fines,

community service hours, incarceration, referral to the Department of Children and Family Services and Juvenile Justice, and requiring a parent/guardian to attend school with the truant child.

(L) DRIVER'S LICENSE

"Recognizing the importance of education and keeping the students in school, the 1997 legislature enacted 322.091 F.S. relating to the driver's license for students, ages 14 to 17, as an incentive for students to stay in school and continue their education". In order for a student to retain or obtain his/her regular Florida driver's license, the student must comply with compulsory school attendance.

Accumulating 15 unexcused absences in a period of 90 calendar days or failure to remain enrolled in school will result in being classified as a habitual truant and the loss of said license, or the withholding of the necessary forms to obtain a license. Legal court action may be taken against a student who is classified as a habitual truant.

(M) PARENT(S)/GUARDIANS RESPONSIBILITIES (Health Conditions and Medication)

It is the responsibility of the parent(s)/guardian to notify the school of any health condition of their student(s) which may require medication, treatment, or monitoring at school or on school-sponsored trips or activities. It is the responsibility of the parent(s)/guardian to submit a properly executed "Authorization for Medication/Treatment" form to school administration if their student requires medication (including over the counter) or treatment to be given during the school day. Only parents, guardians, or designated adult (non-student) will be responsible for delivery and retrieval of medications to the school nurse/health designee. *Cough drops are not a medication.* No medications are to be transported via the school bus system. All medications to be administered by school personnel shall be received and stored in the ORIGINAL container. It is the responsibility of the parent(s)/guardian to notify the school immediately of any chronic or acute medical conditions their child may have and of any necessity for their child to be allowed to self-medicate during the school day. Students are only allowed to carry items necessary to self-medicate that are allowed in Florida Statute. Currently inhalers, EpiPens and diabetic medications and prescribed pancreatic enzyme supplements may only be carried by students with appropriate documentation from a physician. As with other medications, parents must notify the school, provide appropriate documentation from a physician, and register this need with the school clinic. Any unauthorized intake or distribution of any medication, including over the counter medication will be dealt with in accordance with the zero tolerance policy.

NOTE: Under Florida Statute 1006.061(1), all employees and agents of the district school board have a duty to report all actual or suspected cases of child abuse, abandonment, or neglect. Those making reports in good faith are immune from liability. Abuse Reporting: It's the Law!

STUDENT DRESS CODE The purpose of the Bradford County School District (BCSD) dress code is to define what is deemed acceptable wear by the Bradford County School Board. Dress codes are something that all students will encounter within the workforce and the BCSD dress code is preparing students to not only have a dress code, but to adhere to that dress code in order to maintain employment within the workforce. There is also a great deal of research that has shown the benefits of dressing for success by both students and adults within the workforce.

STUDENT DISCIPLINE-

Any student that exhibits a pattern of behavior, based upon previous acts or the severity of an act, may be referred to the school and/or district Threat Assessment Team.

(S) ROLE OF THE TEACHER IN CLASSROOM DISCIPLINE

Teachers and Principals will establish and implement a Positive Behavior Support (PBS) system. The PBS process results in the creation of effective intervention plans that will impede problem behaviors, teach new skills, and create support systems for the student. PBS provides a positive and effective alternative to the traditional methods of discipline. PBS methods are research-based and proven to significantly reduce the occurrence of problem behaviors in the school, resulting in a more positive school climate and increased academic performance. PBS is consistent with the Individuals with Disabilities Education Act, which advocates the use of positive behavior interventions and school-based disciplinary strategies that reduce or eliminate the need to use suspension and expulsion as disciplinary options.

Teachers may use CHAMPs to define detailed behavioral expectations for each instructional approach that is used. The overall goal of the CHAMPs classroom management system is to develop an instructional structure in which students are responsible, motivated, and highly engaged in the specific task at hand. More particularly, the teacher's goal is to teach students directly how to be successful in specific class situations.

MTSS behavior support requires documentation of implemented interventions and resulting outcomes.

Teachers shall set and enforce reasonable classroom rules that treat all students equitably. A major consideration in the application of the Code of Conduct is that the most appropriate disciplinary action taken by school personnel is the least extreme measure that can resolve the discipline problem. Teachers shall make every reasonable effort to control classroom disruptions or misbehavior by students. However, if a disruption or misbehavior persists, or if the disruption is severe, the teacher shall direct the student to an appropriate administrator with a description of the incident on a referral form provided by the administration.

(T) TEACHER AUTHORITY TO REMOVE A STUDENT FROM CLASS

Florida Statute 1003.32 and the rules of the School District of Bradford County give teachers and other school staff, control and discipline of students assigned to them by the principal or the principal's designee. A teacher may remove from class a student whose behavior the teacher

determines interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's' classmates to learn. Teachers must follow the policies developed in the Code of Student Conduct for intermittent removal from class. Policies for intermittent removal will be set by each school's administration. This will be done by completing a discipline referral and forwarding it to administration. See procedures in the Instructional Contract.

(U) STANDARDS OF CONDUCT FOR STUDENTS TRANSPORTED BY SCHOOL BUS

The Bradford County School System has jurisdiction over students who are on the school bus or at the school bus stop when the bus is present at the bus stop. [F.S. 1006.10 (3)] Therefore, it is the parent's responsibility to take any action with local law enforcement to correct a problem during the time students are waiting at the bus stop or when students are en-route to or from the school bus stop. In order to guarantee your child and other children who ride buses the safe and efficient transportation they deserve, the following has been established.

Questions or concerns regarding school bus transportation shall be directed to the school site administrator or transportation manager. It is the responsibility of administrative personnel to implement disciplinary action. Parents/guardians shall not personally address students on the bus.

Our Philosophy: We believe that all pupils can behave appropriately and safely while riding the school bus. Behavior that is disruptive to the driver or interferes with the safe operation of the bus will not be tolerated. Drivers will review rules and expectations throughout the year and recognize positive behavior on the buses.

RULES ON BUS:

- * Be on time
- * Stand off the road while waiting for the bus.
- * Cross ten to twelve steps in front of the bus.
- * Obey the driver's directions the first time they are given.
- * No loud talking, shouting, singing, swearing, hitting, rude or obscene gestures or language is permitted.
- * Keep all parts of the body (head, arms, etc.) and all objects inside the bus and out of the aisle.
- * Keep your hand and feet to yourself.
- * Remain in your assigned seat while the bus is in motion, facing the front of the bus. According to Florida Statute the use of seat belts is an option, if installed.
- * Keep crayons, pens, pencils, or rulers enclosed.
- * No eating, drinking, chewing of gum, or use of any tobacco products (including E-cigarettes or vaping devices) is permitted.
- * Absolute silence is necessary at railroad crossing.
- * Noisemakers (Ex. Alarm bracelets, air horns, pagers, radios, etc.) are not allowed on the bus.
- * Cell phones must not be visible and shall be turned off.
- * Large objects that cannot be kept on the student's lap are prohibited.
- * Glass containers, balloons, live animals, and skateboards are prohibited.

- * All school rules of conduct apply while students are on the bus.
- * The use of electronic devices are allowed on the bus at the driver's discretion on secondary routes.
- * No laser pointers allowed.

Consequences for students violating minor bus rules will be as follows:

First Incident: Driver will give pupil a verbal warning, record the pupil's name, have a conference with pupil on the bus, and make a parent contact.

Second Incident or Continuation: Driver will assign the pupil to a seat in the front of the bus until the behavior changes.

Third Incident: Driver will write the pupil a report of misconduct and turn the pupil and the report over to the Principal or designee.

Severe Incident: If the offense is severe misconduct, (i.e. fights, violations of law, etc.) the driver will proceed as if it were the third incident.

Continued misconduct: Major infractions or items that are violation of safety rules will result in additional reports of misconduct. Other incidents that occur on the bus will be assigned consequences based upon the appropriate level as described in the Student Code of Conduct.

Penalty: The school Principal, or his designee, has the authority to suspend the pupil from riding the bus for up to ten (10) days. If misconduct continues, bus-riding privileges can be denied for the entire school term. Parents are responsible for the transportation of their children when they are suspended from the bus. After school detention or Saturday School may be a consequence at some schools.

(V) POSSESSION /USE OF ELECTRONIC DEVICE

Examples: cellular phones, handheld organizers, MP3 players, laptops, smart watches, Bluetooth speakers or any other type of device designed to transmit voice, data, pictures, cameras or e-mail.

- * Students may possess a electronic device while the student is on school property or in attendance at a school function for after-hours usage. The electronic device must be powered off and kept in a location out of sight upon arrival to school and throughout the entire school day or while on school transportation. If the electronic device is powered on, it will be interpreted as being in use.
- * Usage of an electronic device on campus upon arrival to school (elementary or middle) or while on school transportation will result in disciplinary action and may carry up to and including a Zero Tolerance consequence.
- * The unauthorized voice, videoing and/or photographing of staff and/or students is prohibited.

Bradford High and NFTC Only: Students are able to use their cell phones and other electronic devices before and after school, during passing periods and while they are at lunch. Chromebooks/laptops - Any inappropriate use of the device will result in disciplinary action in accordance with the Code of Conduct and possible loss of the device.

The District Discipline Plan will represent the following consequences regarding electronic devices:

1. The first time the electronic device is seen or in use, it will be taken from the student and held until the parent comes to pick up the device or the device will be held by the administrator for one school day in lieu of contacting the parent.
2. On the second and subsequent time(s) the electronic device will be taken from the student, the parent will be notified to come and pick up the phone, and a referral will be written and applied to the next step of the District Discipline Plan.

Note: Any time a electronic device is used in a manner that is disruptive to the school campus, used to take pictures during the school day, used to transmit any unauthorized data, used in any criminal act, or used to compromise any test the offense will be handled at Level II or higher on the District Discipline Plan, except IF given teacher permission.

3. A student refusing to hand a electronic device over to staff will receive a discipline referral.

* Electronic devices are brought to school at the owner's risk. The Bradford County School District or their employees are not responsible for any devices that are damaged, lost, or stolen.

(W) SECONDARY SKIPPING, LEAVING ASSIGNED AREA OR EXCESSIVE TARDIES

SKIPPING – not attending class or activities without permission. Leaving Campus – warranted an unsafe act. If the student is out of class they receive an unexcused absence. Excessive tardies may also be determined to be skipping.

1st Offense – Parent contact and 1 day ISSP or before-school detention. *

2nd Offense – Parent contact – 2 days ISSP or before-school detention. *

3 or More Offenses – Parent contact – 3 days ISSP or before-school detention. *

* The consequence is based on the school's program. If student fails to attend detention then student will receive a level 2 referral for insubordination (OSS).

(X) PROCEDURES FOR OUT- OF-SCHOOL SUSPENSION

A school principal or his designee may suspend a student from school for up to ten school days from all classes of instruction on school grounds and all other school sponsored activities, *except as authorized by the principal or principal's designee for state mandated testing*, for persistent disobedience and/or gross misconduct. Principals take this action when they have exhausted informal and other formal disciplinary strategies, or when they have at least considered those alternatives and rejected them as inappropriate in a given situation. Pursuant to Florida Statute 1006.09(1)(b).

No student who is required by law to attend school shall be suspended for unexcused tardiness, lateness, absence, or truancy. Therefore, suspension is not an appropriate disciplinary action for Code violation at Level II (Truancy) as it relates to students who fall within the mandatory state attendance requirements.

- * Prior to suspension, the student shall be advised why he/she is being suspended, be provided an opportunity to refute the charges, and be given an opportunity to submit to the administrator a list of names of other individuals who might have witnessed the incident.
- * Written notice shall be sent to parent(s) or guardian regarding the reason disciplinary action was taken. Generally, a notice or conference should precede the student's suspension from school.
- * If the immediate suspension of the student is justified because the student's presence endangers others or school property or would disrupt the orderly academic process, the necessary notice and conference, if requested, will follow as soon as practicable.
- * During the out-of-school suspension, the student is placed in the custody of his/her parent or legal guardian.
- * Homework will be provided to the student within 48 hours of the suspension. Students have one day for every day suspended to complete work.
- * Students who have been suspended shall not be on any school campus or participate in any school function during the suspension, except as authorized by the principal or principal's designee for *state mandated testing*.
- * ESE/504 students must have a manifestation prior to the 10th day of suspension.

Alternatives to Suspension Combined with ISSP - Work Detail, Behavior Modules, Problem-Solving, Contracts, Family Education Program, SWEAT, Peer Mediation. These are options for administrators and not always applicable.

(Y) PROCEDURES FOR EXPULSION

Expulsion is the removal of the right and obligation of a student to attend a public school under conditions set by the school board for a period of time not to exceed the remainder of the term or school year and one (1) additional year of attendance. Expulsions may be imposed with or without continuing educational services and shall be reported accordingly.

Recommendations for expulsion will be made according to Board Policy 5.12 developed and approved by the Bradford County School Board.

Procedures for Expulsion

A school principal may request the Superintendent to recommend the expulsion of a student. Expulsion is the removal of the right and obligation of a student to attend a public school under conditions set by the school board, and for a period of time not to exceed the remainder of the term or school year and one (1) additional year of attendance. Expulsions may be imposed with or without continuing educational services and shall be reported accordingly.

1. Prior to expulsion, the student shall be advised why he/she has been recommended for expulsion, be provided with an opportunity to refute the charges, and be given the

opportunity to submit to the administrator a list of names of other individuals who might have witnessed the incident.

2. Should the principal make a recommendation to the Superintendent for expulsion, the parent and student or adult student has a right to a hearing with the principal. At that time, the parent or adult student may request to have any willing witnesses that they deem appropriate who were involved in the case be present.
3. At the Principal's expulsion hearing, the parent or adult student shall also be advised of the right to appeal and be advised of the appeal procedures with the District Expulsion Committee.
4. If the parent or adult student feels they have not been afforded a fair hearing at the school and district level, they have the right to request in writing a hearing before the School Board.
5. APPEAL of an EXPULSION COMMITTEE DECISION- A parent who intends to dispute the allegations of fact contained in the charges and/or the recommendation by the committee, shall file a written request for a hearing with the Board within 30 days of the committee's ruling. Appeals to the School Board are considered quasi-judicial proceedings. No contact or communication with any School Board member, directly or indirectly, is permitted during the expulsion process, including contact prior to, during, or after the Expulsion Committee's recommendation.
6. In the event that a student who has been recommended to expulsion withdraws from enrollment in the Bradford County School, the expulsion proceedings shall continue as though the student had not withdrawn. The Principal, Superintendent and School Board shall not delay action on an expulsion recommendation pending re-entry/re-registration of the student in Bradford County District schools.

(Z) PROCEDURES FOR SUSPENSION FOR FELONY COMMITTED OUTSIDE THE BRADFORD COUNTY SCHOOL SYSTEM

- * Florida Statutes 1006.09(2) gives a principal the authority to suspend a student who committed a felony.
- * The student must have been formally charged (not just arrested) by a proper prosecuting attorney, or be on probation for felony charges.
- * The charge must be for a felony or a delinquent act, which would be a felony if committed by an adult.
- * The incident must have occurred off district owned property.
- * The principal may conduct a confidential meeting with the student's teachers to determine if the incident would have an adverse impact on the discipline, welfare, and educational program of the school.
- * The principal should consider the possibility of harm to the accused student.
- * The principal must formally notify the custodial parent/guardian and the superintendent.
- * If the principal determines that felony suspension is to be imposed on a student who has a felony charge, the student is immediately assigned to an alternative program.

- * The superintendent may recommend continued suspension pending adjudication. Such suspension shall not affect the delivery of educational services to the pupil and the pupil shall be enrolled in an alternative education program.
- * If the court adjudicates the student not guilty, formal notice will be given to the principal to assure proper program placement.
- * If the court adjudicates the student guilty of committing a felony or delinquent act, which would have been a felony if committed by an adult, the principal may recommend that the student be expelled.
- * Students who are eligible for services under the IDEA and 504 are subject to those procedural requirements.

(AA) APPEAL OF A SUSPENSION

- * The principal is initially responsible for determining that a suspension offense has been committed.
- * In investigating such incidents, the student will be given in writing the pending charges and an opportunity to admit or refute those charges.
- * It should be noted that any statement that a student makes may be used, along with other documentation, to prove whether the student is guilty or not guilty of the offense(s) charged.
- * The principal's conclusions should be based on documentation of the facts pertaining to the incident.
- * The school principal, after reviewing the case with the parent or adult student, will either affirm the length of suspension as originally stated in the Suspension Letter, or reduce the length of suspension upon consideration of the results of the parental conference.

(BB) DISCIPLINE PROCEDURES FOR STUDENTS WITH DISABILITIES

When necessary to ensure the overall safety, welfare, and/or order of the school environment, a student with disabilities may be subjected to short-term suspension with all alternative procedures and safeguards affirmed. More serious violations may result in a recommendation for expulsion and/or an administrative placement in an alternative exceptional education setting.

Procedures which govern a change of instructional placement generally follow these guidelines:

- * Students with disabilities who have committed certain Level II or Zero Tolerance violations of the Student Code of Conduct may be recommended for expulsion.
- * Students who are involved with violations that include weapons, drugs, or has inflicted serious bodily injury upon another person while at school may be placed in an alternative setting for 45 calendar days without parental consent as defined in 1003.571 FS.
- * A manifestation determination meeting will be held to provide input regarding the student's disabling condition and documents evidence that the incident is or is not a manifestation of the student's disability. The Director of ESE or his /her designee will arrange this hearing.
- * This group shall convene with the parents of the student recommended for expulsion to generate an appropriate IEP (Individual Education Plan) or 504 Plan.
- * If it is determined that the offense is a manifestation of the disability, the student may not be expelled, but may be provided services for a limited time in an alternative setting. An IEP or

504 committee will determine the setting. Appropriate goal and objectives to address the inappropriate behavior will be generated and implemented in the resulting educational setting.

- * In addition to the student's placement in an appropriate ESE/504 Program, there is documented evidence of the availability of necessary support services and concentrated alternatives. Further, a Functional Behavior Assessment/Behavior Intervention Plan (FBA/BIP) is to be generated or reviewed and added to the IEP or 504 Plan.
- * A district-wide discipline hearing may be held to consider the Principal's recommendations to the Superintendent.
- * The recommendations will be based on the Statement of whether the act was a Manifestation of the student's disability to determine if the student is eligible for expulsion.
- * After a review of the following documentation by the ESE Director or Student Services staff, the Superintendent will notify the parents *regarding* the Bradford County School Board hearing schedule and the rights accorded the student at the hearing:
 - Statement of Manifestation Determination,
 - Current IEP, including relevant matrix amendments or 504 Plan,
 - Functional *Behavior Assessment/Behavior Intervention Plan* FBA/BIP ,
 - Due Process Rights and Procedures that are granted students with disabilities.
- * Under no circumstances shall expulsion of a student with disabilities result in a complete cessation of educational services. Students will be provided an alternative setting in order to insure that a student with a disability under IDEA receives FAPE. .
- * When a student commits multiple Level II offenses, recommendation of expulsion is an optional response.
- * If the recurring Level III violations persist even after implementing FBA/BIP, recommendation for more restrictive placement can be considered for a reasonable period of time.

NOTE: In reference to Section 504 students, the consequences for drug or alcohol use or possession by any student with a disability who currently is using *alcohol or drugs are not different* from non-disabled students.

Also, if any additional defined Level II infraction is committed during the course of this program, or after the completion of this program, the maximum Code of Conduct consequence will be enforced.

This program is designed for *first time* alcohol and drug offenders (marijuana or over the counter medication) with no intent to distribute. It may also be offered to *first time* violent offenders (fights, battery, bullying/harassment, and sexual harassment). The program is designed to improve decision making skills, communication skills, anger control, goal-setting, increased knowledge of the effects of drug usage, and it helps students identify healthy ways to deal with stress. Minor Grievance: For purposes of this Student Code of Conduct, a minor grievance is an allegation by a student, or student's parent or guardian, of an infraction, violation or misrepresentation of any policy, procedure or agreement adopted by the district school board, except those allegations that meet the definition of a "Major Grievance."

Major Grievance: For purposes of this Student Code of Conduct, a major grievance is an allegation by a student, or student's parent or guardian, of an infraction or violation of the district school board's policy of nondiscrimination as is set forth and defined in Section 2.16 of the Bradford County School Board's Policy Manual.

PROCEDURES

(RR) Minor Grievance:

Step 1: The principal/cost site administrator is the first point of contact for a student when filing an official grievance. The complainant has thirty (30) days from the date of the incident to file the initial grievance. The grievance shall be filed in writing. Grievances may, under extenuating circumstances, be made orally. If the grievance is made orally, the principal/cost site administration shall record it in written form, which shall be reviewed and signed by the complainant to verify its accuracy. A grievance may be amended to correct technical defects, omissions, or to clarify or amplify allegations made therein. An amendment may be filed at any time before the investigation is completed. The complainant may withdraw a grievance at any time.

Step 2: Written acknowledgment of the receipt of the grievance shall be forwarded by the principal/cost site administrator within five (5) days of receipt of same. The acknowledgment shall identify the person responsible for investigation of the grievance.

Step 3: The investigator shall meet with the complainant within five (5) working days of receipt of the grievance to obtain any additional information needed to conduct the investigation.

Step 4: After the initial meeting with the complainant, the investigator shall notify the alleged offending party of the grievance and shall advise the alleged offending party, in writing, that any interference in the investigation or any retaliation against the complainant will subject the alleged offending party to disciplinary action. The alleged offending party shall be provided a copy of the written complaint and shall be given opportunity to respond. Said response may be oral or in writing. If oral, the investigator shall reduce the oral statements to writing. Said writing shall be reviewed, and preferably signed, by the alleged offending party to insure accuracy.

Step 5: The principal/cost site administrator may seek at this point an informal resolution of the grievance. If a proposed resolution is acceptable to both the complainant and alleged offending party, that resolution shall be reduced to writing, signed by all parties, and the grievance shall be considered resolved. If a proposed resolution is not acceptable to all parties, then the investigator shall proceed and complete the investigation. Unless extraordinary circumstances exist, the investigation should be concluded within thirty (30) days of the investigator being assigned to the matter. The investigation shall be thorough and shall include interviews of all parties, witnesses, documents or other evidence necessary to complete the investigation.

Step 6: Upon completion of the investigation, the investigator shall prepare a Final Written Report and Proposed Disposition that shall contain, at a minimum, a summary of the allegations, a summary of the findings, and an analysis and a proposed disposition to both the complainant and the alleged offending party.

Step 7: The proposed disposition will become final unless either party requests a further review by either the Superintendent or the Personnel Director/Equity Contact. A request for

further review shall be filed with the Superintendent's office within ten (10) days of the date the Final Written Report and Proposed Disposition are filed. Upon such request, the Superintendent or the District Equity Coordinator shall conduct a further review, including but not limited to seeking additional information, witnesses and other evidence necessary to complete his/her review.

Step 8: The Superintendent or Personnel Director/Equity Contact shall complete his or her review and issue a Final Report and Recommendation within thirty (30) days of receipt of the Request for Further Review. The Superintendent or Personnel Director may approve, disapprove or modify the proposed disposition based upon his or her further review of the information received. The Final Report and Recommendation ends the student grievance procedure, except for such other procedures that may be available under state and/or federal law.

(SS) Major Grievance:

The School Board of Bradford County, Florida, affirms its policy that no student or applicant for admission shall on the basis of race, color, national origin, sex, disability, marital status, age, religion, or any other basis prohibited by law be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity, or in any employment conditions or practices, conducted by the District. Any student or applicant who believes that he or she has been the victim of discrimination based upon any factor identified above, may file an Educational Equity Complaint/Grievance with the Personnel Director/Equity Contact who has been designated to handle complaints of discrimination. The following complaint/grievance procedure shall be used.

Step 1: The complainant has sixty (60) days from the date of the incident for the initial filing of the complaint. The complaint/grievance shall be filed in writing using the Educational Equity Complaint Grievance Form bearing the signature of the complainant. Complaints may, under extenuating circumstances, be made orally. If the complaint is made orally, the Personnel Director/Equity Contact shall record it in written form, which shall be reviewed and signed by the complainant to verify its accuracy. A complaint may be amended to correct technical defects, omissions, or to clarify or amplify allegations made therein. An amendment may be filed at any time before the investigation is completed. The complainant may withdraw a complaint at any time.

Step 2: Upon receipt of the complaint of discrimination by the Equity Contact, written acknowledgement of receipt of the complaint shall be forwarded to the complainant within 5 working days. This acknowledgement shall identify the person responsible for investigation of the complaint if a designee has been assigned to conduct the investigation.

Step 3: The investigator will within 5 working days after acknowledging receipt of the complaint interview the complainant to obtain any additional information needed to clarify the complaint.

Step 4: When the complaint is received the respondent shall be advised of the existence of the receipt of the complaint, provided with a copy of the complaint, and advised that any interference in the investigation or any retaliation against the complainant will subject the respondent to disciplinary action. The respondent shall be given an opportunity

to respond to the complaint. Such response shall be made to the investigator either orally or in writing. Oral responses shall be immediately recorded by the investigator and signed by the respondent to verify its accuracy.

Step 5: The Personnel Director/Equity Contact, at this point, may inquire of the complainant as to a possible resolution of the complaint. If the complainant is amenable to a resolution of the complaint prior to implementation of Step 6, the Personnel Director/Equity Contact shall begin discussion regarding a resolution. If an acceptable resolution cannot be reached, within 30 calendar days, the complaint shall be further investigated.

Step 6: If the investigation proceeds further, within 30 calendar days after receipt of the initial complaint, the investigation shall include but not be limited to investigating all allegations by the complainant and respondent, interviewing any witnesses, including coworkers and supervisors, and taking statements from witnesses and other persons who may be able to provide valid and relevant information. Upon completion of the investigation, the investigator shall provide a final written disposition of the complaint containing a summary of findings, and an analysis and conclusion to the complainant and respondent.

Step 7: The complainant may request a review from an appropriate alternate of the final disposition from the Personnel Director/Equity Contact by notifying the Superintendent within 5 working days after receiving the final disposition.

Step 8: Within 15 working days following receipt of the complainant's request for review, the alternate shall render a written decision to, the complainant and the respondent, either to dismiss the complaint, or to initiate corrective action.

Step 9: A substantiated charge against a Board employee shall subject such employee to disciplinary action, including but not limited to warning, suspension or termination, subject to applicable procedural requirements.

Step 10: Retaliation against an individual for filing a complaint, or against an individual providing information regarding such a complaint is prohibited.

Step 11: The use of these complaint/grievance procedures shall not prohibit the complainant from seeking redress from other available state and/or federal sources.

Step 12: The right to confidentiality, both of the complainant and of the accused, will be respected, consistent with the Board's legal obligations, and with the necessity to investigate allegations of misconduct and take corrective action when this conduct has occurred.

Any violation of the policy will result in the suspension of access privileges or other disciplinary action, including student expulsion and employee dismissal. This notice shall also become part of the login process.
- V. The use of the network shall be consistent with the mission, goals, policies, and priorities of the District. Successful participation in the network requires that all its users regard it as a shared resource and that members conduct themselves in a responsible, ethical, and legal manner while using the network.

Any use of the network for illegal, inappropriate, or obscene purposes, or in support of such activities, will not be tolerated. For compliance with the requirements of the Elementary and Secondary Education Act (ESEA) and the Children's Internet Protection Act (CIPA), please see procedures entitled "Student Internet Use Procedures."
