Welcome to Bradford County School District

A G E N D A

SPECIAL SCHOOL BOARD MEETING 4:30 P.M. MARCH 20, 2019

A. INVOCATION & FLAG SALUTE led by David Harris

B. CALL TO ORDER: School Board Chairman, Cheryl Canova

C. CITIZENS REQUEST:

The Bradford County School Board welcomes you to this meeting. This time is set aside for the Citizens of Bradford County to address the School Board. This is not a question and answer time, it is not a political forum, nor is it a time for personal accusations or derogatory remarks to or about school personnel. If you would like to address the School Board, please come to the podium, speak into the microphone and state your name and address for the record, and limit your comments to not more than three (3) minutes. Your participation is welcomed.

D. ACTION AGENDA:

1. APPROVE REQUEST OF BID # 19-0221 WIDE AREA NETWORK CONNECTIVITY SERVICES E-RATE FORM 470 # 190017764:
2. APPROVE CENTURYLINK MASETER SERVICE AGREEMENT STATE, LOCAL AND EDUCATION GOVERNMENT AGENCIES VERSION:

E. UNFINISHED BUSINESS:

SHEILA CUMMINGS, DISTRICT 1 • GAYLE NICULA, DISTRICT 2
CHERYL CANOVA, DISTRICT 3 • VIVIAN CHAPPELL, DISTRICT 4 • ERICA REDDISH, DISTRICT 5

March 15, 2019

Re: Bid # 19-0221 Wide Area Network Connectivity Services

E-Rate Form 470 # 190017764

Mrs Creighton,

The following list of vendors submitted a response to Bid #19-0221 for Wide Area Network Connectivity Services beginning July 1, 2019.

<u>Vendor</u>	<u>Bid Amount</u>
CenturyLink	\$91,524
Comcast	\$170.057 (non-reoccurring)
WanRack	\$117,264

We have selected CenturyLink to be our provider of services. Please be aware that all vendors submitted pricing to include 100M at the District Office site. However, we are requesting 400M to insure our connectivity needs for the schools are at optimum speeds. This increased the monthly amount by \$445 (\$5340 for the year). Please let me know if you have any questions.

Brenda Leto

Director of Information & Technology
Bradford County Schools
501 W Washington St
Starke, FL 32091

Brenda Leto : ITB WAN RFP 2018-19 – Award Letter

**CENTURYLINK MASTER SERVICE AGREEMENT
STATE, LOCAL AND EDUCATION GOVERNMENT AGENCIES VERSION
DOMESTIC CENTURYLINK IQ® NETWORKING SERVICE EXHIBIT**

internal firewall functions. CenturyLink acts as the Customer's single point of contact in managing the resolution of all service, device, and transport faults covered by Comprehensive Management and will work with any third party hardware and/or transport providers the Customer has under contract until all network issues are successfully resolved. With Internet security protocol ("IPSec"), CenturyLink can configure full mesh, partial mesh, or hub-and-spoke topologies with secure tunnels for remote communication between Customer locations. IPSec is only available on approved Cisco and Adtran devices. IPSec opportunities greater than 25 devices or with other manufacturer's devices require CenturyLink approval before submitting an order.

(d) **CenturyLink Responsibilities.** For NMS, CenturyLink will provide Customer with a nonexclusive service engineer team, which will maintain a Customer profile for the portion of the Customer's network where the devices covered by NMS reside. CenturyLink will work with Customer to facilitate resolution of service affecting issues with Select Management or Comprehensive Management.

(e) **Customer Responsibilities.**

(i) Customer must provide all information and perform all actions reasonably requested by CenturyLink in order to facilitate installation of NMS. If Customer limits or restricts CenturyLink's read/write access to a device, CenturyLink cannot support configuration backups. Customer is responsible for supporting CenturyLink in access, troubleshooting, and configuration requests made in accordance with normal troubleshooting and repair support activities. For Out-of-Band management related to fault isolation/resolution, Customer will provide and maintain a POTS line for each managed device. "Out-of-Band" means a connection between two devices that relies on a non-standard network connection, such as an analog dial modem, which must be a CenturyLink certified 56k external modem. Additionally, Customer will provide a dedicated modem for each managed device. It is not mandatory that Customer have a POTS line but Customer must understand that CenturyLink will not be able to troubleshoot issues if the device covered by NMS cannot be reached. Service related outages requiring access to the device for troubleshooting and repair purposes will impact the eligibility of any associated SLA credits.

(ii) For Comprehensive Management, Customer must execute the attached Letter of Agency (Attachment 1) to authorize CenturyLink to act as Customer's agent solely for the purpose of accessing Customer's transport services.

(iii) Depending on transport type, Customer's managed devices must comply with the following set of access requirements: (A) for NMS delivered via IP connectivity with an Internet Port or other public Internet service, devices must contain an appropriate version of OS capable of establishing IPsec VPNs; and (B) for NMS delivered with a Private Port, CenturyLink will configure a virtual circuit to access Customer's device at no additional charge. CenturyLink will add the NMS network operations center to the Customer closed user group to manage the devices within Customer's network.

(iv) Customer must provide a routable valid IP address to establish the NMS connection. Customer's primary technical interface person must be available during the remote installation process to facilitate installation of NMS. All Customer devices managed under NMS must be maintained under a contract from a CenturyLink approved onsite CPE maintenance provider. The response times for which Customer contracts with its CPE maintenance provider will affect CenturyLink's timing for resolution of problems involving Customer provided devices. The performance of the CPE maintenance provider is Customer's responsibility.

(v) Customer may not reverse engineer, decompile, disassemble or apply any other process or procedure to alter any CPE, software, or other component of this Service for any purpose.

2.4 End-to-End Performance Reporting. End-to-End Performance Reporting is a feature included all Ports, except for Ports with VPLS. Customer must include CenturyLink as a member of each closed user group. The feature includes a report based on data collected from Customer's traffic within its closed user groups and measures availability, jitter, latency, and packet delivery between Customer's edge routers, between CenturyLink's routers, and between Customer's edge routers and CenturyLink's routers. The data contained in the report is measured differently than the goals contained in the SLA applicable to the Service and is for informational purposes only. Customer is not entitled to SLA credits based on the data in the report. Customer may access the report in the Control Center portal. Some quote forms or other associated documents may use "End-to-End Performance Monitoring" to mean "End-to-End Performance Reporting".

2.5 Multicast. Multicast is an optional feature for Private Ports. The feature enables IP multicast on the CenturyLink IP network. Customer must configure its edge devices with CenturyLink designated multicast protocol specifications and use the CenturyLink designated IP address range for Customer's multicast applications. The standard feature allows up to ten sources of multicast traffic per Customer, but CenturyLink may permit a limited number of additional sources.

2.6 VPLS. Layer 2 virtual private LAN service ("VPLS") is optional feature for Private Ports only. VPLS is not available for CenturyLink IQ+ Ports or CenturyLink IQ+ Cloud Ports. Private Ports with VPLS are supported on CenturyLink-certified Cisco equipment and are limited to the following connection and encapsulation methods: Ethernet 10 Mbps, 100 Mbps, 1000 Mbps with Ethernet encapsulation, DS1 and DS3 with Frame Relay encapsulation, and OC3 with ATM encapsulation. The following features are not available with Private Ports with VPLS: (a) usage reports; (b) the Precise Burstable or Data Transfer pricing methodologies; (c) the SLA's Reporting Goal; (d) VPN Extensions and (e) End-to-End Performance Reporting.

**CENTURYLINK MASTER SERVICE AGREEMENT
STATE, LOCAL AND EDUCATION GOVERNMENT AGENCIES VERSION
DOMESTIC CENTURYLINK IQ[®] NETWORKING SERVICE EXHIBIT**

CenturyLink IQ Networking is subject to the Local Access Service Exhibit, and the CenturyLink Master Service Agreement between Customer and CenturyLink. Port types that require Rental CPE are also subject to the Rental CPE Service Exhibit. All capitalized terms that are used but not defined in this Attachment are defined in the Agreement or Service Exhibit.

1. **General.** Domestic CenturyLink IQ[®] Networking Service ("Service") is provided by CenturyLink QCC under the terms of the Agreement, this Service Exhibit, and any signed quotes or Order Forms between CenturyLink QCC and Customer.

2. **Service.**

2.1 **Description.** Service is a data, IP, and a network management solution that is designed for connectivity between Customer's sites or public Internet connectivity.

2.2 **Ports.** CenturyLink offers Service in the following port ("Port") types:

(a) **Internet Port.** Internet Ports provide public Internet connectivity.

(b) **Private Port.** Private Ports provide WAN connectivity between Customer sites. Customer may allocate Private Port traffic up to 10 different closed user groups. Customer may request more than 10 point-to-point closed user groups for an additional charge. Quality of service ("QoS") traffic prioritization can be used with Private Ports. Ethernet Private Ports with real-time traffic that require QoS are subject to local access limitations.

(c) **CenturyLink IQ+[®] Port.** A CenturyLink IQ+ Port is a bundled solution that includes the following: (i) the functionality of a Private Port, (ii) Local Access, (iii) Monitor and Notification for a CenturyLink provided or approved router, (iv) End-to-End Performance Reporting, and (v) optional CenturyLink provided router as Rental CPE and Priority Queuing. The Local Access and CenturyLink provided router for domestic Service are subject to the Local Access Service Exhibit and CenturyLink Rental CPE Service Exhibit (including the applicable Detailed Description), respectively. Customer may provide a router approved by CenturyLink. Domestic Service with a CenturyLink provided router includes 8x5 NBD maintenance using ProMET[®] Remote Standard Service or 24x7 on-site maintenance using ProMET[®] On-Site Premium Service at Customer qualified sites. CenturyLink may use repackaged Rental CPE or substitute the Rental CPE with other CPE. Customer is responsible for any trouble shooting and repair of equipment on Customer's side of the router. Domestically, a CenturyLink IQ+ Port is only available in a CenturyLink determined data center.

(d) **CenturyLink IQ+[®] Cloud Port.** A CenturyLink IQ+ Cloud Port is a bundled solution that provides: (i) private connectivity between Customer's Private Port sites and Customer resources in CenturyLink determined data centers and/or cloud service provider environments, (ii) Local Access (Data Center Access), (iii) Monitor and Notification and (iv) End-to-End Performance Reporting. Customer can use all Private Port features defined in the Private Port section above. Access within data centers and cloud service provider environments may include shared or virtualized services where available. Customer understands that cloud-related services are contracted separately.

2.3 **Network Management Service.** CenturyLink Network Management Service ("NMS") is a feature available for all Ports. For CenturyLink IQ+ Cloud Ports, the only available type of NMS is Monitor and Notification. Select Management or Comprehensive Management is available with domestic Ports. The feature provides performance reporting, change management, configuration management, fault monitoring, management and notification of CPE and network related issues. Customer may also request NMS management features for devices not associated with a CenturyLink IQ Networking Port in domestic locations with CenturyLink's prior approval. The NMS management types are set forth in more detail below.

(a) **Monitor and Notification.** Monitor and Notification can be included with CenturyLink IQ+ Ports and CenturyLink IQ+ Cloud Ports and is an optional NMS feature for the other Port types. CenturyLink will monitor the Customer devices 24x7x365 for up/down status using ICMP ping. CenturyLink will notify Customer if no response is received for a designated period. NMS will not provide any troubleshooting and incident resolution for device or network faults. "Monitor & Notification" is the only NMS option available for devices that do not support SNMP and/or are not certified for NMS.

(b) **Select Management.** Select Management can be included with any eligible domestic Port, except for CenturyLink IQ+ Cloud Ports. CenturyLink will monitor Customer devices 24x7x365 for up/down status as well as provide 24x7x365 remote performance monitoring, reporting, and ticketing via an NMS online portal for devices supported by CenturyLink, fault monitoring, management, and notification (detection, isolation, diagnosis, escalation and remote repair when possible), change management supported by CenturyLink (up to 12 changes per year), asset management (device inventory), and configuration management (inventory of customer physical and logical configuration). Customer must make change management requests via Control Center at <https://controlcenter.centurylink.com>. Select Management only supports basic routing functions. NMS does not include new CPE initial configuration, lab testing, lab modeling, or on-site work of CPE. The NMS supported device list and a standard change management list are available on request and are subject to change without notice.

(c) **Comprehensive Management.** Comprehensive Management can be included on any eligible Port, except for CenturyLink IQ+ Cloud Ports. Comprehensive Management includes all of the Select Management features as well as total customer agency and change management (up to 24 configuration changes per year) of complex routing functions within routers, switches, and firewall modules. This includes configuration and management of complex routing, switching, device NIC cards, firewall module configurations, and basic router

**CENTURYLINK MASTER SERVICE AGREEMENT
STATE, LOCAL AND EDUCATION GOVERNMENT AGENCIES VERSION**

This Master Service Agreement ("Agreement") is between **CENTURYLINK COMMUNICATIONS, LLC** ("CenturyLink") and **SCHOOL BOARD OF BRADFORD COUNTY** ("Customer") and is effective on the date the last party signs it (the "Effective Date"). This Agreement provides the terms and conditions applicable to Customer's purchase of products and services ("Service") from CenturyLink.

1. **Term.** The term of the Agreement will commence on the Effective Date and continue until the expiration of the last Service term, unless earlier terminated in accordance with the Agreement ("Term").

2. **Service.** CenturyLink will provide Service in accordance with the Agreement, including all applicable Service Schedules, Service Exhibits, Statements of Work, Order(s), pricing attachments, and any other documents that are attached or expressly incorporated into the Agreement ("Service Attachments"). The following Service Attachments, if any, are initially attached and incorporated into the Agreement. At CenturyLink's discretion, additional Service Attachments may be added by Amendment or by Customer placing an Order.

- Domestic CenturyLink IQ® Networking Service Exhibit
- Local Access Service Exhibit

3. **Order(s).** Customer may submit requests for Service in a form designated by CenturyLink ("Order"). The term for a Service is defined in the applicable Service Attachment ("Service Term"). Unless otherwise set forth in a Service Attachment, Service will continue month-to-month at the expiration of the Service Term at the existing rates, subject to adjustment by CenturyLink on 30 days' written notice. CenturyLink will notify Customer of acceptance of requested Service in the Order by delivering (in writing or electronically) the date by which CenturyLink will install Service (the "Customer Commit Date"), by delivering the Service, or by the manner described in a Service Attachment. Renewal Orders will be accepted by CenturyLink's continuation of Service. For moves, adds or changes agreed to by CenturyLink, Customer will pay CenturyLink's then current charges unless otherwise specifically stated in a Service Attachment.

4. **Billing and Payment.**

4.1 **Commencement of Billing.** Unless otherwise set forth in a Service Attachment, CenturyLink will deliver written or electronic notice (a "Connection Notice") to Customer when Service is installed, at which time billing will commence ("Service Commencement Date"). If Customer notifies CenturyLink within three days after delivery of the Connection Notice that Service is not functioning properly, CenturyLink will correct any deficiencies and, upon Customer's request, credit Customer's account in the amount of 1/30 of the applicable monthly recurring charge (MRC) for each day the Service did not function properly. If CenturyLink cannot complete installation due to Customer delay or inaction, CenturyLink may begin charging Customer for the Service, and Customer will pay such charges.

4.2 **Payment of Invoices and Disputes.** Unless otherwise set forth in a Service Attachment, invoices are delivered or made available monthly and due 30 days after the invoice date. Fixed charges are billed in advance and usage-based charges are billed in arrears. Customer's payments to CenturyLink must be made via an ACH transfer or any CenturyLink approved payment portal (e.g., CenturyLink Control Center) in the currency stated on the invoice. CenturyLink may charge administrative fees where Customer's payment and invoice preferences deviate from CenturyLink's standard practices. Past due amounts bear interest at 1.5% per month or the highest rate allowed by law (whichever is less). CenturyLink may charge Customer reasonable attorneys' fees and any third-party collection costs CenturyLink incurs in collecting such amounts. Customer is responsible for all charges regarding the Service, even if incurred as the result of unauthorized use. If Customer reasonably disputes an invoice, Customer must pay the undisputed amount and submit written notice of the disputed amount (with details of the nature of the dispute and the Services and invoice(s) disputed). Disputes must be submitted in writing within 90 days from the date of the invoice. If CenturyLink determines in good faith that a disputed charge was billed correctly, Customer must pay such amounts within 10 days after CenturyLink provides notice of such determination. Customer may not offset disputed amounts from one invoice against payments due on the same or another account.

4.3 **Taxes and Fees.** Excluding taxes based on CenturyLink's net income, Customer is responsible for all taxes and fees arising in any jurisdiction imposed on or incident to the provision, sale or use of Service. This includes value added, consumption, sales, use, gross receipts, withholding, excise, access, bypass, ad valorem, franchise or other taxes, fees, duties or surcharges (e.g., regulatory and 911 surcharges), whether imposed on CenturyLink or a CenturyLink affiliate, along with similar charges stated in a Service Attachment (collectively "Taxes and Fees"). Some Taxes and Fees, and costs of administering the same, are recovered through imposition of a percentage surcharge(s) on the charges for Service. If Customer is required by law to make any deduction or withholding of withholding Taxes from any payment due hereunder to CenturyLink, then, notwithstanding anything to the contrary in this Agreement, the gross amount payable by Customer will be increased so that, after any such deduction or withholding for such withholding Taxes, the net amount received by CenturyLink will not be less than CenturyLink would have received had no such deduction or withholding been required. Charges for Service are exclusive of Taxes and Fees. Customer may present CenturyLink with an exemption certificate eliminating CenturyLink's liability to pay certain Taxes and Fees. The exemption will apply prospectively.

4.4 **Non-Appropriations.** Customer intends to continue this Agreement for its entire Term and to satisfy its obligations hereunder. For each fiscal period for Customer: (a) Customer agrees to include in its budget request appropriations sufficient to cover Customer's obligations under this Agreement, (b) Customer agrees to use all reasonable and lawful means to secure these appropriations, (c) Customer agrees it will not use non-appropriations as a means of terminating this Agreement in order to acquire functionally equivalent products or services from a third party. Customer reasonably believes that sufficient funds to discharge its obligations can and will lawfully be appropriated and made available for this purpose. In the event that Customer is appropriated insufficient funds, by appropriation, appropriation limitation or grant, to continue payments under this Agreement and has no other funding source lawfully available to it for such purpose (as evidenced by notarized documents provided by Customer and agreed to by CenturyLink), Customer may terminate this Agreement without incurring any termination charges by giving CenturyLink not less than 30 days' prior written notice. Upon termination

**CENTURYLINK MASTER SERVICE AGREEMENT
STATE, LOCAL AND EDUCATION GOVERNMENT AGENCIES VERSION**

and to the extent of lawfully available funds, Customer will remit all amounts due and all costs reasonably incurred by CenturyLink through the date of termination.

4.5 Regulatory and Legal Changes. If changes in applicable law, regulation, rule or order materially affect delivery of Service, the parties will negotiate appropriate changes to this Agreement. If the parties cannot reach agreement within 30 days after CenturyLink's notice requesting renegotiation, CenturyLink may, on a prospective basis after such 30-day period, pass any increased delivery costs on to Customer. If CenturyLink does so, Customer may terminate the affected Service on notice to CenturyLink delivered within 30 days of the cost increase taking effect.

4.6 Cancellation and Termination Charges. Unless otherwise set forth in a Service Attachment

(a) Customer may cancel an Order (or portion thereof) prior to the delivery of a Connection Notice upon written notice to CenturyLink identifying the affected Order and Service. If Customer does so, Customer will pay CenturyLink a cancellation charge equal to the sum of: (1) for "off-net" Service, third party termination charges for the cancelled Service; (2) for "on-net" Service, one month's monthly recurring charges for the cancelled Service; (3) the non-recurring charges for the cancelled Service; and (4) CenturyLink's out-of-pocket costs (if any) incurred in constructing facilities necessary for Service delivery.

(b) Customer may terminate a specified Service after the delivery of a Connection Notice upon 30 days' written notice to CenturyLink. If Customer does so, or if Service is terminated by CenturyLink as the result of Customer's default, Customer will pay CenturyLink a termination charge equal to the sum of: (1) all unpaid amounts for Service actually provided; (2) 100% of the remaining monthly recurring charges for months 1-12 of the Service Term; (3) 50% of the remaining monthly recurring charges for month 13 through the end of the Service Term; and (4) if not recovered by the foregoing, any termination liability payable to third parties resulting from the termination and any out-of-pocket costs of construction to the extent such construction was undertaken to provide Service hereunder. The charges in this Section represent CenturyLink's reasonable liquidated damages and are not a penalty.

5. Default. If (a) Customer fails to make any payment when due and such failure continues for five business days after CenturyLink's written notice, or (b) either party fails to observe or perform any other material term of this Agreement and such failure continues for 30 days after the other party's written notice, then the non-defaulting party may: (i) terminate this Agreement and/or any Order, in whole or in part, and/or (ii) subject to Sections 6.1 (Damages Limitations) and 6.3 (Service Levels), pursue any remedies it may have at law or in equity.

6. Liabilities and Service Levels.

6.1 Damages Limitations. Neither party will be liable for any damages for lost profits, lost revenues, loss of goodwill, loss of anticipated savings, loss of data or cost of purchasing replacement services, or any indirect, incidental, special, consequential, exemplary or punitive damages arising out of the performance or failure to perform under this Agreement or any Order.

6.2 Disclaimer of Warranties. CENTURYLINK MAKES NO WARRANTIES OR REPRESENTATIONS, EXPRESS OR IMPLIED, EITHER IN FACT OR BY OPERATION OF LAW, STATUTORY OR OTHERWISE, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE, EXCEPT THOSE EXPRESSLY SET FORTH IN THIS AGREEMENT OR ANY APPLICABLE SERVICE ATTACHMENT.

6.3 Service Levels.

(a) Any "Service Level" applicable to Services are contained in the Service Attachments applicable to each Service. If CenturyLink does not meet a Service Level, CenturyLink will issue to Customer a credit as stated in the applicable Service Attachment on Customer's request, except that credits will not be provided for Excused Outages. CenturyLink's maintenance log and trouble ticketing systems are used to calculate Service Level events. Excused Outages mean scheduled maintenance under Section 8 and force majeure events, unless otherwise defined in a Service Attachment.

(b) Unless otherwise set forth in a Service Attachment, to request a credit, Customer must contact Customer Service (contact information is located at <http://www.level3.com>) or deliver a written request with sufficient detail to identify the affected Service. The request for credit must be made within 60 days after the end of the month in which the event occurred. Total monthly credits will not exceed the charges for the affected Service for that month. Customer's sole remedies for any nonperformance, outages, failures to deliver or defects in Service are contained in the Service Levels applicable to the affected Service.

6.4 Right of Termination for Installation Delay. Unless otherwise set forth in a Service Attachment, in lieu of installation Service Level credits, if CenturyLink's installation of Service is delayed by more than 30 business days beyond the Customer Commit Date, Customer may terminate the affected Service without liability upon written notice to CenturyLink, provided such written notice is delivered prior to CenturyLink delivering a Connection Notice for the affected Service. This Section will not apply where CenturyLink is constructing facilities to a new location not previously served by CenturyLink.

7. Customer Premises; Title to Equipment. If access to non-CenturyLink facilities is required for the installation, maintenance, grooming, movement, upgrade and/or removal of CenturyLink network or equipment, Customer will, at its expense: (a) secure such right of access and (b) arrange for the provision and maintenance of power and HVAC as needed for the proper operation of such equipment

**CENTURYLINK MASTER SERVICE AGREEMENT
STATE, LOCAL AND EDUCATION GOVERNMENT AGENCIES VERSION**

and network. Title to CenturyLink-provided equipment (including software) remains with CenturyLink. Customer will not create or permit to be created any encumbrances on CenturyLink-provided equipment.

8. Scheduled Maintenance and Local Access. Scheduled maintenance will not normally result in Service interruption. Unless otherwise set forth in a Service Attachment, if scheduled maintenance requires Service interruption CenturyLink will: (1) provide Customer seven days' prior written notice, (2) work with Customer to minimize interruptions and (3) use commercially reasonable efforts to perform such maintenance between midnight and 6:00 a.m. local time. If third-party local access services are required for the Services, Customer will: (1) provide CenturyLink with circuit facility and firm order commitment information and design layout records to enable cross-connects to CenturyLink Service(s) (provided by CenturyLink subject to applicable charges), (2) cooperate with CenturyLink (including changing demarcation points and/or equipment and providing necessary LOAs) regarding circuit grooming or re-provisioning, and (3) where a related Service is disconnected, provide CenturyLink a written disconnection firm order commitment from the relevant third-party provider. CenturyLink may re-provision any local access circuits from one off-net provider to another or to the CenturyLink owned and operated network (on-net), and such changes will be treated as scheduled maintenance.

9. General Terms.

9.1 Force Majeure. Neither party will be liable, nor will any credit allowance or other remedy be extended, for any failure of performance or equipment due to causes beyond such party's reasonable control ("force majeure event").

9.2 Assignment and Resale. Neither party may assign its rights or obligations under this Agreement or any Service Attachment without the prior written consent of the other party, which will not be unreasonably withheld. However, either party may assign its rights and obligations under this Agreement or any Order without the consent of the other party: (1) to any subsidiary, parent, or affiliate that controls, is controlled by, or is under common control with that party; (2) pursuant to the sale or transfer of substantially all of the business or relevant assets of that party; or (3) pursuant to any financing, merger, or reorganization of that party. This Agreement and all Service Attachments will apply to any permitted transferees or assignees. Any assignee of Customer must have a financial standing and creditworthiness equal to or better than Customer's. Unless otherwise set forth in a Service Attachment, Customer may provide Service to third parties or use the Services in connection with goods or services provided by Customer to third parties ("Customer Provided Services"). Customer will indemnify, defend and hold CenturyLink and its affiliates harmless from any claims arising from or related to any Customer Provided Services. If Customer sells telecommunications services, Customer certifies that it has filed all required documentation and will at all times have the requisite authority with appropriate regulatory agencies respecting the same. Nothing in this Agreement confers upon any third party any right, benefit or remedy hereunder.

9.3 Affiliates. CenturyLink may use a CenturyLink affiliate or a third party to provide Service to Customer, but CenturyLink will remain responsible to Customer for Service delivery and performance. Customer's affiliates may purchase Service under this Agreement, and Customer will be jointly and severally liable for all claims and liabilities related to Service ordered by any Customer affiliate.

9.4 Notices. Notices will be in writing and deemed received if delivered personally, sent via facsimile, pre-paid overnight courier, electronic mail (if an e-mail address is provided below) or sent by U.S. Postal Service or First Class International Post. Unless otherwise provided for in a Service Attachment, requests for disconnection of Service (other than for default) must be submitted to CenturyLink via Customer's portal at <https://www.centurylink.com/business/login/> or via the following website / link: <http://www1.level3.com/disco/disco.html> and will be effective 30 days after receipt (or such longer period set forth in a Service Attachment). Notices for billing inquiries/disputes or requests for Service Level credits must be submitted to CenturyLink via Customer's portal at <https://www.centurylink.com/business/login/> or via Email at: billing@centurylink.com. Customer failure to follow this process and/or provide complete information may result in continued charges that will not be credited. All legal notices will be addressed to CenturyLink at 931 14th St., # 900 Denver, CO 80202 USA Attn. Legal Department Fax: 888-778-0054; and to any electronic or physical address of Customer as provided in the Agreement or in its absence, to Customer's address identified on the Order or as reflected in CenturyLink's records, Attn. General Counsel.

9.5 Acceptable Use Policy and Data Protection. Customer must comply with the CenturyLink Acceptable Use Policy ("AUP"), which is available at <http://www.centurylink.com/legal>, for Services purchased under this Agreement and acknowledge the CenturyLink Privacy Policy, which is available at <http://www.centurylink.com/aboutus/legal/privacy-policy.html>. CenturyLink may reasonably modify these policies to ensure compliance with applicable laws and regulations and to protect CenturyLink's network and customers.

9.6 Confidentiality. Neither party will: (a) disclose any of the terms of the Agreement; or (b) disclose or use (except as expressly permitted by, or required to achieve the purposes of, the Agreement) the Confidential Information received from the other party. A party may disclose Confidential Information if required to do so by a governmental agency, by operation of law, or if necessary in any proceeding to establish rights or obligations under the Agreement. Each party will limit disclosure and access to confidential information to those of its employees, contractors, attorneys or other representatives who reasonably require such access to accomplish the Agreement's purposes and who are subject to confidentiality obligations at least as restrictive as those contained herein. "Confidential Information" means any commercial or operational information disclosed by one party to the other in connection with the Agreement and does not include any information that (a) is in the public domain without a breach of confidentiality; (b) is obtained from a third party without violation of any obligation of confidentiality; or (c) is independently developed by a party without reference to the Confidential Information of the other party.

**CENTURYLINK MASTER SERVICE AGREEMENT
STATE, LOCAL AND EDUCATION GOVERNMENT AGENCIES VERSION**

9.7 Intellectual Property Ownership; Use of Name and Marks. Nothing in the Agreement or the performance thereof will convey, license, or otherwise transfer any right, title, or interest in any intellectual property or other proprietary rights held by either party or its licensors. Neither party will use the name or marks of the other party or any of its affiliates for any purpose or issue any press release or public statement relating to this Agreement without the other party's prior written consent.

9.8 Governing Law; Amendment. This Agreement will be governed and construed in accordance with the laws of the State in which Customer's principal office is located, without regard to its choice of law rules. Each party will comply with all applicable laws, rules and regulations associated respectively with CenturyLink's delivery or Customer's use of the Service under the Agreement. This Agreement, including any Service Attachments, constitutes the entire and final agreement and understanding between the parties with respect to the Service and supersedes all prior agreements relating to the Service. CenturyLink is not subject to any obligations that are not explicitly identified in this Agreement. This Agreement may only be modified or supplemented by an instrument executed by an authorized representative of each party. No failure by either party to enforce any right(s) hereunder will constitute a waiver of such right(s).

9.9 Critical 9-1-1 Circuits. The Federal Communications Commission's 9-1-1 reliability rules mandate the identification and tagging of certain circuits or equivalent data paths that transport 9-1-1 calls and information ('9-1-1 Data') to public safety answering points. These circuits or equivalent data paths are defined as Critical 911 Circuits in 47 C.F.R. Section 12.4(a)(5). CenturyLink policies require tagging of any circuits or equivalent data paths used to transport 9-1-1 Data. Customer will cooperate with CenturyLink regarding compliance with these rules and policies and will notify CenturyLink of all Services Customer purchases under this Agreement utilized as Critical 911 Circuits or for 9-1-1 Data.

9.10 International Services. For Services provided outside the United States, Customer or its local affiliate may be required to enter into a separate local country addendum/agreement (as approved by local authorities) ("LCA") with the respective CenturyLink affiliate that provides the local Service(s). Such CenturyLink affiliate will invoice Customer or its local affiliate for the respective local Service(s).

9.11 Relationship and Counterparts. The relationship between the parties is not that of partners, agents, or joint venturers. This Agreement may be executed in one or more counterparts, all of which taken together will constitute one instrument. Digital signatures and electronically exchanged copies of signed documents will be sufficient to bind the parties to this Agreement.

**CENTURYLINK MASTER SERVICE AGREEMENT
STATE, LOCAL AND EDUCATION GOVERNMENT AGENCIES VERSION
DOMESTIC CENTURYLINK IQ[®] NETWORKING SERVICE EXHIBIT**

2.7 VPN Extensions. A VPN Extension is an optional feature for layer 3 multi protocol label switching ("MPLS") Private Ports. The feature allows Customer to extend its Layer 3 MPLS closed user groups to Customer locations that are not served by CenturyLink's MPLS network ("Remote Location"). Customer can establish a tunnel through the Internet between the Customer's CPE at the Remote Location (separately purchased and managed by Customer) and the CenturyLink network device. The Customer provided CPE must support the CenturyLink service configurations and be installed as designated by CenturyLink or as otherwise agreed upon by the parties. Customer is responsible for the installation, operation, maintenance, use and compatibility of the Remote Location CPE. Customer will cooperate with CenturyLink in setting the initial configuration for the Remote Location CPE interface with the VPN Extension Service. Customer must use IP connectivity at the Remote Location that includes a static public IP address.

(a) Exclusions. CenturyLink will not debug problems on, or configure any internal or external hosts or networks (e.g., routers, DNS servers, mail servers, www servers, and FTP servers). All communication regarding the VPN Extension must be between CenturyLink and a Customer approved site contact that has relevant experience and expertise in Customer's network operations. The following features are not available with VPN Extensions: (i) End-to-End Performance Reporting; (ii) CoS; (iii) VPLS; and (iv) Multicast. VPN Extensions are not subject to the SLA.

2.8 Backbone Prioritization/Priority Queuing. Backbone Prioritization and Priority Queuing is an optional feature available with individual domestic Private Ports, CenturyLink IQ+ Ports, and CenturyLink IQ+ Cloud Ports. When this feature is configured on such Port, traffic originating from that Port will be designated at a higher class of service to the CenturyLink IP network than traffic originating from such Ports without the feature or Internet Ports. If Customer desires the feature for traffic between two or more such Ports, the feature must be ordered for each such Port. The benefit from this feature is realized during periods of high network congestion. The feature may not be available at all locations or with Multicast in certain circumstances.

3. Ordering. For purposes of this Service Exhibit, "Order Form" means an electronic order confirmation process using an architecture confirmation document ("ACD") or other document that Customer and CenturyLink mutually agree to prior to submitting a Service order request. CenturyLink must approve each Order Form and Customer must send it via e-mail, fax, or other CenturyLink-approved electronic process to CenturyLink. Subject to availability, CenturyLink will assign /29 Internet address space for Customer during the use of a Port. Neither Customer nor any End Users will own or route these addresses. Upon termination of Service, Customer's access to the IP addresses will cease. If Customer requests special sequencing for Port installation, Customer must designate a Key Port. A "Key Port" is a Port that must be available on the network before adding additional domestic Port locations. The installation of the Key Port will determine the timelines for the installation of other domestic Ports. Customer may designate one Key Port within its CenturyLink IQ Networking network topology by notifying CenturyLink in writing of that request. Unless the parties otherwise agree in writing, Customer has sole responsibility for ordering, securing installation and ensuring proper operation of any and all equipment required to enable Customer to receive the Service.

4. Charges. Customer must pay all applicable MRCs and NRCs set forth in an attached pricing attachment, offer attachment, or a valid signed CenturyLink issued quote or Order Form. Charges will commence within five days after the date CenturyLink notifies Customer that Service is provisioned and ready for use ("Service Commencement Date"). Customer may order multiple Ports with multiple pricing methodologies in accordance with the pricing methodologies set forth below. Customer may change the pricing methodology (e.g., from Flat Rate to Precise Burstable) of a Port if: (a) the Port's new MRC remains the same or greater than the old MRC, and (b) the Port starts a new Service Term that is equal to or greater than the remaining number of months in the old Service Term, subject to a 12 month minimum. CenturyLink may change rates after the completion of a Port's Service Term with 60 days' notice. The net rate MRCs set forth in the pricing attachment, offer attachment or valid signed CenturyLink issued quote or Order Form will be used to calculate Contributory Charges. Net rate MRCs are lieu of all other rates, discounts, and promotions. The End-to-End Performance Reporting, VPN Extension, SIG and Multicast features are provided on a month-to-month basis and either party may cancel a feature with 30 days' prior written notice to the other party. CenturyLink may upon 30 days prior written notice to Customer modify those features, including without limitation, their rates. If a CenturyLink IQ+ Port uses Data Center Access as the access type, that Port will be understood to be a CenturyLink IQ+ Cloud Port.

4.1 Pricing Methodologies.

(a) Flat Rate. The Flat Rate pricing methodology bills Customer a specified MRC for a given Port speed regardless of Customer's actual bandwidth utilization.

(b) Tiered. The Tiered pricing methodology caps Customer's bandwidth at the tier specified on an Order Form and bills the Customer a fixed MRC based on that bandwidth tier regardless of Customer's actual bandwidth utilization. No more than once per month, Customer may change its specific bandwidth tier (e.g., 2 Mbps to 10 Mbps) within the applicable Port classification (e.g., Ethernet, Fast Ethernet). Customer may not change its bandwidth from one Port classification to another.

(c) Precise Burstable. Usage samples are taken every five minutes throughout the monthly billing cycle. Only one sample is captured for each five-minute period, even though there are actually two samples taken; one for inbound utilization and one for outbound utilization. The higher of these two figures is retained. At the end of the billing period, the samples are ordered from highest to lowest. The top 5% of the samples are discarded. The highest remaining sample is used to calculate the usage level, which is the 95th percentile of peak usage. For each Precise Burstable Port, Customer will pay an MRC calculated by multiplying Customer's 95th percentile of peak usage in a given month by the applicable MRC per Mbps. There is a minimum usage amount within each Precise Burstable Port

**CENTURYLINK MASTER SERVICE AGREEMENT
STATE, LOCAL AND EDUCATION GOVERNMENT AGENCIES VERSION
DOMESTIC CENTURYLINK IQ[®] NETWORKING SERVICE EXHIBIT**

classification ("Precise Burstable Minimum"). Customer will be billed the greater of the Precise Burstable Minimum or the actual charges based upon its 95th percentile of peak usage.

(d) **Data Transfer.** Usage samples are taken every five minutes throughout the Customer's monthly billing cycle. Samples are taken for both in-bound utilization and out-bound utilization. Customer will be billed for the sum total of both inbound and outbound utilization. Charges are applied using a stepped or "metered" methodology such that Customer's traffic will be billed incrementally at each volume tier. For example, if Customer's total volume on a DS1 circuit is 10 GB, the first 7 GB of such total would be billed at the 0-7 GB tier, and the remaining 3 GB would be billed at the 7.01-17 GB tier. For each Data Transfer Port ordered hereunder, Customer will pay an MRC calculated by multiplying Customer's volume of data transferred in a given month (in GBs) by the applicable MRC per GB. Within each Data Transfer Port classification (e.g., DS1, DS3), Customer will be subject to the minimum usage amount set forth in the column heading of the applicable Data Transfer pricing table ("Data Transfer Minimum"). Customer will be billed the greater of the Data Transfer Minimum or the actual charges based upon its actual volume of data transferred. Data Transfer pricing is only available if Customer's premises based router uses HDLC, PPP, or MLPPP line encapsulation.

5. Term; Cancellation.

5.1 Term. The term of an individual Port (and associated features/Services, if applicable) begins on the Service Commencement Date for that Port and continues for (a) the service term shown on the valid signed CenturyLink issued quote, Order Form, or the pricing attachment or (b) if a service term is not shown in a quote, Order Form, or a pricing attachment, one year. If Service is installed at multiple Customer locations or with multiple Ports at a Customer location, each separate Port (and associated features/Services) will have its own Service Commencement Date. Upon expiration of a Service Term, individual domestic Ports (and associated features/Services) will remain in effect on a month-to-month basis until canceled by either party with 60 days' notice.

5.2 Cancellation. Upon cancellation of a Service, Customer will remain liable for charges accrued but unpaid as of the cancellation date. If a Port and associated features/Services is canceled by Customer other than for Cause, or by CenturyLink for Cause, before the conclusion of its Service Term or Upgrade Service Term (as described in the "Upgrades" section), Customer will pay a "Cancellation Charge" equal to the amounts set forth below. "Cause" means the failure of a party to perform a material obligation under the Agreement, which failure is not remedied: (a) for payment defaults by Customer, within five days of separate written notice from CenturyLink of such default, or (b) for any other material breach, within 30 days after written notice (unless a shorter notice period is identified in a Service Attachment).

(a) Domestic Internet Port or Private Ports: (i) 100% of the Port and NMS MRCs multiplied by the number of months remaining in the first 12 months of the initial Service Term (or Upgrade Service Term), if any, plus (ii) 35% of the balance of those MRCs multiplied by the number of months remaining to complete the initial Service Term (or Upgrade Service Term) beyond the first 12 months, plus (iii) the amount of any MRCs discounted or waived if the Port has not remained installed for at least 12 months.

(b) CenturyLink IQ+ Ports and CenturyLink IQ+ Cloud Ports: (i) 100% of the CenturyLink IQ+ Port or CenturyLink IQ+ Cloud Port MRC (and associated features/Service MRCs if applicable) multiplied by the number of months remaining in the first 12 months of the initial Service Term, if any; plus (ii) 75% of the those MRCs multiplied by the number of months remaining to complete 24 months of the initial Service Term, if any; plus, if applicable, (iii) 50% of those MRCs multiplied by the number of months remaining to complete the remainder of the Service Term.

5.3 Waiver of Cancellation Charges.

(a) **Upgrades.** CenturyLink will waive the Cancellation Charges for a domestic Port if Customer: (i) upgrades a Port to another Port with a higher bandwidth (e.g., from a DS1 to a DS3) within the same pricing methodology and the new Port's MRC (with Local Access) is equal to or greater than the combined MRCs of the Port and the associated Local Access Service being terminated; or (ii) upgrades the Port type to a higher Port type (e.g., from an Internet Port to a Private Port or CenturyLink IQ+ Port) within the same pricing methodology. All upgraded Ports must start a new Service Term equal to or greater than the replaced Port's remaining Service Term, subject to a 12 month minimum ("Upgrade Service Term"). If Customer cancels the upgraded Port before the completion of the Upgrade Service Term, Customer will pay the Cancellation Charges set forth in the Cancellation section above. In some cases an upgrade to a Port may trigger a Local Access charge under the Local Access Service Exhibit. Customer can upgrade a CenturyLink IQ+ Port from 8x5 NBD Remote to 24x7 On-Site maintenance or upgrade a CenturyLink IQ+ Port's NMS feature to Select Management or Comprehensive Management without restarting the Service Term.

(b) **Migration to Other CenturyLink Services.** CenturyLink will waive the Cancellation Charges for a domestic Port if Customer migrates the Port to a new Data Bundle solution (a "New Service") as long as: (i) the New Service's MRC is equal to or greater than the combined MRCs of the Port and the associated Local Access Service being terminated; (ii) the New Service's minimum service term is at least as long as the then remaining Service Term of the Port being terminated; and (iii) the New Service is available.

6. Additional Disclaimer of Warranty. In addition to any other disclaimers of warranty stated in the Agreement, CenturyLink makes no warranty, guarantee, or representation, express or implied, that all security threats and vulnerabilities will be detected or that the performance of the Services will render Customer's systems invulnerable to security breaches. Customer is responsible for Customer's own network security policy (including applicable firewall and NAT policies) and security response procedures.

**CENTURYLINK MASTER SERVICE AGREEMENT
STATE, LOCAL AND EDUCATION GOVERNMENT AGENCIES VERSION
DOMESTIC CENTURYLINK IQ⁹ NETWORKING SERVICE EXHIBIT**

7. **E-mail Notification.** Customer acknowledges and agrees that CenturyLink may contact Customer via e-mail at the e-mail address provided to CenturyLink when Customer ordered the Service for any reason relating to the Service, including for purposes of providing Customer any notices required under the Agreement. Customer agrees to provide CenturyLink with any change to its e-mail address.

8. **AUP.** All use of the Services must comply with the AUP located at <http://www.centurylink.com/legal/>, which is subject to change. CenturyLink may reasonably change the AUP to ensure compliance with applicable laws and regulations and to protect CenturyLink's network and customers. Any changes to the AUP will be consistent with the purpose of the AUP to encourage responsible use of CenturyLink's networks, systems, services, Web sites, and products.

9. **SLA.** Ports other than CenturyLink IQ+ Ports or CenturyLink IQ+ Cloud Ports are subject to the CenturyLink IQ Networking Service Level Agreement ("SLA"). CenturyLink IQ+ Ports and CenturyLink IQ+ Cloud Ports are subject to the CenturyLink IQ+ Port SLA and the NMS feature is subject to the NMS SLA. Each SLA is located at <http://www.centurylink.com/legal/> and subject to change. For Customer's claims related to Service or NMS feature deficiencies, interruptions or failures, Customer's exclusive remedies are limited to those remedies set forth in the applicable SLA. References to CenturyLink IQ+ Ports in the CenturyLink IQ+ SLA will also refer to CenturyLink IQ+ Cloud Ports.

10. **Other Terms.**

10.1 **General.** Any references to a Revenue Commitment or Contributory Charges will not apply to this Service Exhibit.

10.2. **Cancellation and Termination Charges.** This section replaces the Cancellation and Termination Charges set forth in the Agreement.

Termination. Either party may terminate a specified Service: (a) as set forth above with 60 days' prior written notice to the other party, or (b) for Cause. Customer may cancel an Order (or portion thereof) for Service prior to the delivery of a Connection Notice upon written notice to CenturyLink identifying the affected Order and Service. If Customer does so, Customer will pay CenturyLink the termination charges set forth above, in addition to any and all charges that are accrued but unpaid as of the termination date. If the Agreement is terminated by Customer for any reason other than for Cause, or by CenturyLink for Cause prior to the conclusion of the Term, all Services are deemed terminated, and Customer will pay the termination charges set forth above, in addition to any and all charges that are accrued but unpaid as of the termination date.

10.3 **Installation, Maintenance and Repair.** The following are supplemental terms to the Scheduled Maintenance and Local Access section of the Agreement: (a) Provision of Services is subject to availability of adequate capacity and CenturyLink's acceptance of a complete Order Form and (b) Customer is responsible for any facility or equipment repairs on Customer's side of the demarcation point. Customer may request a technician dispatch for Service problems. Before dispatching a technician, CenturyLink will notify Customer of the dispatch fee. CenturyLink will assess a dispatch fee if it determines the problem is on Customer's side of the demarcation point or was not caused by CenturyLink's facilities or equipment on CenturyLink's side of the demarcation point. "Order Form" includes both order request forms and quotes issued by CenturyLink. If a CenturyLink service requires a quote to validate the Order Form pricing, the quote will take precedence over the order request form, but not over the Service Exhibit.

10.4 **Service Notices.** Notices for disconnection of Service must be submitted to CenturyLink via Email at: BusinessDisconnects@Centurylink.com. Notices of non-renewal for Services must be sent via e-mail to: CenturyLink, Attn.: CenturyLink NoRenew, e-mail: Norenw@centurylink.com. Notices for billing inquiries/disputes or requests for Service Level credits must be submitted to CenturyLink via Customer's portal at <https://www.centurylink.com/business/login/> or via Email at: Care.Inquiry@Centurylink.com. All other routine operational notices will be provided by Customer to its CenturyLink sales representative.

10.5 **CPNI.** CenturyLink is required by law to treat CPNI confidentially. Customer agrees that CenturyLink may share CPNI within its business operations (e.g., wireless, local, long distance, and broadband services divisions), and with businesses acting on CenturyLink's behalf, to determine if Customer could benefit from the wide variety of CenturyLink products and services, and in its marketing and sales activities. Customer may withdraw its authorization at any time by informing CenturyLink in writing. Customer's decision regarding CenturyLink's use of CPNI will not affect the quality of service CenturyLink provides Customer. "CPNI" means Customer Proprietary Network Information, which includes confidential account, usage, and billing-related information about the quantity, technical configuration, type, destination, location, and amount of use of a customer's telecommunications services. CPNI reflects the telecommunications products, services, and features that a customer subscribes to and the usage of such services, including call detail information appearing in a bill. CPNI does not include a customer's name, address, or telephone number.

10.6 **Conflicts.** If a conflict exists among the provisions of the Service Attachments, the order of priority will be as follows: the Service Exhibit and then the Agreement.

10.7 **Fees.** Charges for certain Services are subject to (a) a property tax surcharge and (b) a cost recovery fee of per month to reimburse CenturyLink for various governmental taxes and surcharges. Such charges are subject to change by CenturyLink and will be applied regardless of whether Customer has delivered a valid tax exemption certificate. For additional details on taxes and surcharges that are assessed, visit <http://www.centurylink.com/taxes>. Additional rates, charges and fees for Service elements not identified in the Agreement are located in the applicable Tariff. "Tariff" includes as applicable: CenturyLink state tariffs, price lists, price schedules.

COMPREHENSIVE MANAGEMENT

LIMITED LETTER OF AGENCY

between

SCHOOL BOARD OF BRADFORD COUNTY ("Customer")

and

CenturyLink Communications, LLC f/k/a Qwest Communications Company, LLC ("CenturyLink")

This limited letter of agency ("LOA") hereby authorizes CenturyLink to act as the Customer's agent for the limited purpose of contacting Customer's designated Local Exchange Carrier ("LEC"), Interexchange Carrier ("IXC"), Internet Service Provider ("ISP"), or customer premises equipment ("CPE") maintenance provider in conjunction with CenturyLink Network Management Service. Network Management Service activities will consist of working with Customer's LEC, IXC, ISP, and/or CPE maintenance provider for the purpose of: (a) extracting information concerning transmission data elements carried over Customer's network connection; (b) identifying Customer's links or data link connection identifiers ("DLCLs"); (c) opening, tracking, and closing trouble tickets with the LEC, IXC, ISP, or CPE maintenance provider on Customer's transport links or CPE when an alarm or fault has been detected; (d) dispatching CPE repair personnel on behalf of Customer to CPE for which a fault has been detected; and (e) discussing fault information with the LEC, IXC or CPE maintenance provider on behalf of Customer to facilitate resolution of the problem.

CenturyLink does not assume any of Customer's liabilities associated with any of the services the Customer may use.

The term of this LOA will commence on the date of execution below and will continue in full force and effect until terminated with 30 days written notice by one party to the other or until the expiration or termination of the Network Management Service.

A copy of this LOA will, upon presentation to LEC, IXC, ISP, and/or CPE maintenance provider, as applicable, be deemed authorization for CenturyLink to proceed on Customer's behalf.

PRICING ATTACHMENT**

1. Pricing.

1.1 Network Management Service MRCs.

(a) **NMS for devices associated with a CenturyLink IQ Networking Port.** The following MRC is in addition to the Port MRC.

Description	Promo Code	MRC	NRC
NMS for devices associated with a CenturyLink IQ Networking Port.			
Select Management	IQ MANAGED	\$45.00 per device	N/A
Comprehensive Management	IQ MANAGED	\$75.00 per device	N/A

(b) **NMS for devices not associated with a CenturyLink IQ Networking Port.** The following MRC is in addition to the Port MRC.

Description	MRC	NRC
NMS for devices not associated with a CenturyLink IQ Networking Port (including VPN Extensions).		
Select Management	\$60.00 per device	N/A
Comprehensive Management	\$100.00 per device	N/A
Monitor and Notify	\$35.00 per device	N/A

1.2 CenturyLink IQ Networking Features

(a) **VPN Extensions.**

Description	MRC	NRC
VPN Extensions	\$25.00 per IPsec tunnel	\$50.00 per IPsec tunnel

(b) **Backbone Prioritization.** Backbone Prioritization charges are in addition to the applicable Private Port MRCs.

Description	Increased MRC
Backbone Prioritization	CenturyLink will apply a 20% uplift charge to the MRC of each Private Port configured with Backbone Prioritization.

1.3 Port Pricing Tables. Some Port types or Port speeds may not be available in all areas or with certain types of access. If Customer wishes to order domestic CenturyLink IQ Networking Service with a different bandwidth or pricing methodology than those contained in the below pricing tables, Customer must enter into a separate written amendment to this Agreement.

Fial Rate Private Port	Install NRC	Net Rate MRC
Fast Ethernet	\$1,500.00	\$415.00

Tiered Gigabit Ethernet (1000 Mbps) Private Port	Install NRC	Net Rate MRC
400 Mbps	\$4,000.00	\$557.00

1.4 NRC Discounts.

(a) **NRC Waiver.** So long as Customer is not in default of any obligations under the Agreement, CenturyLink will waive the Install NRCs for Internet Ports and Private Ports. The Internet Ports and Private Ports must remain installed for at least 12 months.

**CENTURYLINK MASTER SERVICE AGREEMENT
STATE, LOCAL AND EDUCATION GOVERNMENT AGENCIES VERSION
LOCAL ACCESS SERVICE EXHIBIT**

1. General. CenturyLink will provide Local Access Service ("Service") under the terms of this Service Exhibit, the Agreement and the RSS.

2. Service Description and Availability.

2.1 Description. Service provides the physical connection between the Service Address and the CenturyLink Domestic Network. Service includes any entrance cable or drop wire to, and equipment maintained by CenturyLink at the Demarcation Point, but does not include CPE, Extended Wiring unless CenturyLink notifies Customer that Extended Wiring is included with a service offering, inside wiring, or other equipment not maintained by CenturyLink. Customer is responsible for any additional terminations beyond the Demarcation Point. All equipment owned by CenturyLink remains property of CenturyLink. Customer disclaims any interest in any equipment, property or licenses used by CenturyLink to provide Service. CenturyLink will not provide Service to a residential location, even if business is conducted at that location. Service is not a standalone service and Customer must purchase the Service in connection with another CenturyLink service for which a local loop is required.

2.2 Types of Service Technologies. CenturyLink uses the following different technologies to provide Service. Some technologies or speeds may not be available in all areas or with certain types of Service.

(a) Special Access. "Special Access" means Service using digital signal bandwidths DS0, DS1 and DS3 or Optical Carrier signal bandwidths OC3, OC12, OC48 and OC192.

(b) Ethernet Local Access ("ELA"). ELA is available at bandwidths varying from 1 Mbps to 1,000 Mbps (1G) and 10G (Cross-Connect Access only). ELA is available in the following options: Native Single-Class-of-Service (CoS) Low, Native Single-CoS Medium, Native Single-CoS High, Native Multi-CoS, ELA over SONET, or Ethernet Virtual Access ("EVA"). "Native Single-CoS Low" is a layer 2, switched, native service using a standard Ethernet offering from the local access provider. Native Single-CoS Low is not recommended for use with critical applications (i.e. voice), but is ideal for non-critical applications (i.e. Internet and email traffic.) "Native Single-CoS Medium" is a layer 2, switched, native service using a better-than-standard Ethernet offering from the local access provider. Native Single-CoS Medium is ideal for a combination of non-critical and/or critical applications; typically, varying voice, video, and data. "Native Single-CoS High" is a layer 2, switched, native service using the best Ethernet offering from the local access provider. Native Single-CoS High is ideal for critical applications; typically, predictable and reliable voice and data. Native Single-CoS Medium and Native Single-CoS High are only available with the following CenturyLink services: CenturyLink IQ[®] Networking Internet Port, Private Port or Enhanced Port with Secure Internet Gateway, E-Line, or Ethernet Private Line ("EPL"). Native Single-CoS Medium or Native Single-CoS High circuit speed must match the maximum CenturyLink IQ Networking port, E-Line, or EPL bandwidth. "Native Multi-CoS" is a layer 2, switched, native service closely aligning the CenturyLink IQ Networking QoS and the local access provider's Ethernet class of service offering and is only available with CenturyLink IQ Networking Private Port or Enhanced Port with Secure Internet Gateway. At Customer's discretion, Native Single-CoS Low, Native Single-CoS Medium, Native Single-CoS High, or Native Multi-CoS may be used to support CoS for critical applications (i.e. voice). "ELA over SONET" is a layer 1, SONET-based service. EVA is a layer 2, Ethernet-based service that provides customers with a premium non-oversubscribed connection with Fast E and Gig E connection types. Customer may experience delayed installation intervals due to construction requirements and available bandwidths may be limited due to distance and available Ethernet-supported facilities from the local access provider.

(c) Wavelength Local Access. "Wavelength Local Access" means Service using wave division multiplexing technology. Wavelength Local Access is available at bandwidths of 1 GbE, 10 GbE LAN PHY, 2.5 G (OC48), 10 GbE WAN PHY (OC192), 40G, OTU1, OTU2, OTU3, 1G, 2G, 4G and 10G.

(d) DSL Local Access. "DSL Local Access" means Leased Access using digital subscriber line ("DSL") technology. DSL Local Access is available at bandwidths varying from 128 kbps/64 kbps to 15000 Mbps/1000 Mbps. Customer may experience delayed installation intervals due to Construction requirements and available bandwidths may be limited due to distance and available DSL-supported facilities from the local access provider.

2.2.1 Use of IP Connection. In some locations, CenturyLink will enable the Service using "IP Connection" which is a Layer 3, symmetrical functionality that utilizes established IP and MPLS transport technologies. In such cases, Customer agrees that it will use IP Connection functionality only for the provision of either: (i) wireline broadband Internet access (as defined in applicable Federal Communications Commission orders and regulations), or (ii) wireline broadband Internet access plus additional information services, with wireline broadband Internet access constituting a principal use. CenturyLink can provision IP Connection functionality over multiple designs with MPLS transport supporting speeds up to 1G/1G.

2.3 Types of Service. CenturyLink offers the following three types of Service: CenturyLink Provided Access, Customer Provided Access or Cross-Connect Access.

2.3.1 CenturyLink Provided Access. "CenturyLink Provided Access" or "CLPA" means either On-Net Access or Leased Access

(a) On-Net Access. For On-Net Access, Customer must be located in a CenturyLink designated building in which On-Net Access is generally available. On-Net Access is generally available as Special Access (except at the DS0 bandwidth), ELA, and Wavelength Local Access. Depending on the Service Address, On-Net Access may be provided through an existing CPOP, newly built CPOP, existing intra-building local loop facilities, or connections to a third-party provider where CenturyLink coordinates the connectivity between CenturyLink facilities and facilities of a service provider with whom CenturyLink is interconnected. On-Net Access is subject to the Service Level Agreement located at <http://www.centurylink.com/legal/docs/Local-Access-SLA.pdf>, which is subject to change.

**CENTURYLINK MASTER SERVICE AGREEMENT
STATE, LOCAL AND EDUCATION GOVERNMENT AGENCIES VERSION
LOCAL ACCESS SERVICE EXHIBIT**

(b) **Leased Access.** Leased Access is generally available as Special Access, ELA, Wavelength Local Access, and DSL Local Access at the bandwidths described in this Service Exhibit for those access types. Customer may request a Preferred Provider for Leased Access from a list of available providers with whom CenturyLink has interconnect agreements. CenturyLink will attempt to use Customer's Preferred Provider, but both final routing and the provider actually used will be chosen by CenturyLink. If CenturyLink is unable to use Customer's Preferred Provider for a specific Service Address as designated in the quote, then the rate for Service at that Service Address may be subject to change. Where available for Special Access, ELA and Wavelength Local Access, Customer may request CenturyLink to provide a separate fiber facility path for a protection system between the local access provider's serving wire center and the Service Address ("Protect Route"). Protect Route uses backup electronics and two physically separate facility paths in the provisioning of Service. If the working facility or electronics fail, or the Service performance becomes impaired, the facility is designed to automatically switch to the Service protect path in order to maintain a near-continuous flow of information between locations. Special Access and ELA are also generally available as a central office meet point at a local access provider central office to which Customer has a dedicated connection.

2.3.2 Customer Provided Access. "Customer Provided Access" or "CPA" means a local loop that Customer orders from a local access provider to connect Customer's premises to the CenturyLink Domestic Network at a connection point specified by CenturyLink. CenturyLink will provide Customer with a limited letter of agency ("LOA"), which is incorporated by this reference, authorizing Customer to act as CenturyLink's agent so that Customer's local access provider will connect Customer's premises to the CenturyLink Domestic Network. Customer will also need to execute a CPA-DAR Addendum for CPA POP with ELA or Wavelength Local Access. Customer will pay a CPA charge to CenturyLink when Customer uses the following: (a) Special Access CPA dedicated facilities or ELA CPA virtual local area network ("VLAN"), both of which are dedicated entrance facilities CenturyLink leases from a local access provider and that carry traffic only from CenturyLink; or (b) ELA CPA POP, which requires CenturyLink to provide space and power for the local access provider to install Ethernet equipment; or (c) Wavelength Local Access. Customer will pay a CPA charge to CenturyLink when Customer uses Special Access CPA non-dedicated facilities owned by local access providers and that carry traffic from multiple carriers, including CenturyLink, if the provider charges CenturyLink for those facilities. CPA ELA VLAN is an access type where CenturyLink will provision and assign an Ethernet virtual circuit from a CenturyLink POP to a Customer designated Ethernet facility leased from a common Ethernet service provider. This access will be used to connect to a CenturyLink VLAN assignment on a CenturyLink IQ Networking Internet or Private Port or E-Line. CenturyLink will not bill customer a CPA charge for an IP layer 3 expansion site because Customer, not CenturyLink, is responsible for ordering a cross-connect from the IP layer 3 expansion site manager to meet CenturyLink in the IP layer 3 expansion site's meet-me-room. CPA is the responsibility of Customer and CenturyLink will not pay for or troubleshoot components of CPA.

2.3.3 Cross-Connect Access. "Cross-Connect Access" or "XCA" means: (a) an intra-POP connection between certain Customer facilities with direct access to the CenturyLink Domestic Network and the CenturyLink backbone access point (either (i) located within CenturyLink's transport area where CenturyLink allows Customer to bring its own fiber directly to the CenturyLink fiber under an executed Direct Connect Agreement ("Direct Connect") or (ii) in an area where Customer has leased space in a CPOP, a remote collocation site, or a collocation hotel under a Telecommunications Collocation License Agreement or (b) a connection between a CenturyLink-determined data center and a CenturyLink IQ Networking Port, Optical Wavelength Service ("OWS"), or E-Line ("Data Center Access") under an executed CenturyLink TS Service Exhibit with a CenturyLink IQ Networking, OWS or E-Line Service Exhibit. Data Center Access is available in bandwidths of 100 Mbps, 1G, and 10G (CenturyLink IQ Networking and OWS only). Direct Connect requires splicing of Customer and CenturyLink fibers and cross-connection of individual circuits.

2.4 RSS. Customer understands that Service is an interstate telecommunications service, as defined by Federal Communications Commission regulations and represents while using the Service, more than 10% of its usage will be interstate usage.

3. Ordering. Upon acceptance of an order for a Service, CenturyLink will notify Customer of CenturyLink's target date for the delivery of that Service ("Estimated Availability Date"). Once CenturyLink notifies Customer of the Estimated Availability Date for a Service, cancellation fees or Cancellation Charges set forth in the Cancellation section below will apply to any cancellation of that order. If Customer fails to respond to CenturyLink's requests to arrange for the installation of a Service when CenturyLink is ready, CenturyLink may consider the affected Service order canceled. CenturyLink will use commercially reasonable efforts to install each such Service on or before the Estimated Availability Date, but the inability of CenturyLink to deliver Service by such date is not a default under the Agreement or this Service Exhibit.

4. Charges. Customer will pay the rates set forth in a quote for Service issued by CenturyLink or set forth in the RSS, including all applicable ancillary service charges. CenturyLink invoices MRCs in advance and NRCs in arrears. If the delivery of a Connection Notice for any Service falls on any day other than the first day of the month, the first invoice to Customer will consist of: (a) the pro-rata portion of the applicable MRC covering the period from the delivery of the Connection Notice to the first day of the subsequent month; and (b) the MRC for the following month. Charges for Service will not be used to calculate Contributory Charges.

4.1 Ancillary Charges. Ancillary charges applicable to Service include but are not limited to those ancillary services set forth in this section. If an ancillary charge applies in connection with provisioning a particular Service, CenturyLink will notify Customer of the ancillary charge to be billed to Customer. Customer may either approve or disapprove CenturyLink providing the ancillary service.

(a) **Expedite.** A local loop expedite charge applies to orders where Customer requests the delivery of Service one or more days before the Estimated Availability Date. Customer may only request to expedite CenturyLink Provided Access of Special Access and ELA orders (where underlying local access provider allows CenturyLink to order an expedited service.)

**CENTURYLINK MASTER SERVICE AGREEMENT
STATE, LOCAL AND EDUCATION GOVERNMENT AGENCIES VERSION
LOCAL ACCESS SERVICE EXHIBIT**

(b) **Extended Wiring.** "Extended Wiring" means additional wiring from the Demarcation Point to Customer's network interface equipment. Customer may only request Extended Wiring for (i) Special Access ordered as Leased Access, (ii) DSL Local Access, and (iii) Ethernet Local Access (where available). Extended Wiring could entail electrical or optical cabling into 1) existing or new conduit or 2) bare placement in drop down ceilings, raised floors, or mounted to walls/ceilings. Once Service is accepted by Customer, the Extended Wiring then becomes property of and maintained by Customer. CenturyLink will maintain Service to the Demarcation Point only.

(c) **Construction.** Construction charges apply if: (i) special construction is required to extend Service to the Demarcation Point; or (ii) other activities not covered by Extended Wiring are required beyond the Demarcation Point, that cause CenturyLink to incur additional expenses for provisioning the Service ("Construction"). If Customer does not approve of the Construction charges after CenturyLink notifies Customer of the charges, the Service ordered will be deemed cancelled.

(d) **Multiplexing.** Customer may request multiplexing for Special Access where available. CenturyLink will multiplex lower level local loop into a higher local loop, or vice-versa, for an additional charge. CenturyLink offers multiplexing at a CPOP, at an On-Net Access building or at an ILEC/CLEC facility providing the Leased Access. For multiplexing at a CenturyLink On-Net Access building, CenturyLink provides multiplexed circuit handoffs to Customer at the same On-Net Access Service Address. For multiplexing at ILEC/CLEC facility, CenturyLink facilitates the delivery of multiplexed circuit handoffs to Customer at a single Service Address or at multiple Service Addresses per Customer's request. Multiplexing is generally available at DS1 and OCn circuit levels. Pricing for multiplexing at an ILEC/CLEC facility is on an individual case basis.

(e) **Changes.** Ancillary change charge applies where Customer requests CenturyLink to change a local loop to a different Service Address that is within the same Customer serving wire center as the existing local loop, but a Cancellation Charge does not apply.

5. Term; Cancellation.

5.1 Term. The term of an individual Service continues for the number of months specified in the quote for Service issued by CenturyLink ("Initial Service Term"). Excluding voice loops and Data Center Access with a month-to-month Initial Service Term, the Initial Service Term will not be less than 12 months. Upon expiration of the Initial Service Term, Service will automatically renew for consecutive periods equal to the Initial Service Term length (a "Renewal Service Term"). CenturyLink may change rates at any time after the Initial Service Term but will not change rates more than once during a Renewal Service Term.

5.2 Cancellation. Upon cancellation of a Service, Customer will remain liable for (a) charges accrued but unpaid as of the cancellation date (including MRCs, NRCs and Construction charges and other ancillary charges), (b) the amount of any NRCs that CenturyLink discounted or waived, if canceled during the first 12 months of the Initial Service Term and (c) any applicable cancellation fees and Cancellation Charges as set forth below.

(a) **Leased Access and On-Net Access—Cancellation Before Delivery of a Connection Notice.** Customer will pay the cancellation fee identified in the below table if cancellation of a Service order occurs before the delivery of a Connection Notice. If Customer accepted a Construction charge, Customer will also pay any unpaid Construction charges incurred by CenturyLink. If CenturyLink notifies Customer that Construction is required to provision a Service order and Customer cancels that order before the delivery of a Connection Notice because Customer disapproves of the Construction charge, the cancellation fee does not apply.

Leased Access and On-Net Access Service Bandwidth†	Before Delivery of a Connection Notice Cancellation Fee
DS0 (Leased Access only), DS1, DSL Local Access speeds up to 1536 Kbps/1.024 Mbps	\$150 NRC
DS3, OCn, DSL Local Access speeds greater than 1536 Kbps/1.024 Mbps, all ELA speeds, all Wavelength Local Access speeds, all IP Connection speeds	\$500 NRC

†Includes all types of Service Technology unless otherwise noted.

(b) **All Service Types—Cancellation After the Delivery of a Connection Notice.** If a Service is canceled by Customer other than for Cause, or by CenturyLink for Cause, before the conclusion of its Initial Service Term, Customer will pay a "Cancellation Charge" equal to: (i) 100% of the balance of the MRCs that otherwise would have become due for the unexpired portion of the first 12 months of the Initial Service Term, if any, plus (ii) 35% of the balance of the MRCs that otherwise would have become due for the unexpired portion, if any, of the Initial Service Term beyond the first 12 months.

(c) **Moves.** When Customer requests that CenturyLink move a local loop to a different Service Address that is not within the same Customer serving wire center as the existing local loop such move will be deemed a disconnect of the current local loop to which a Cancellation Charge applies and a new install of a new local loop.

(d) **Waiver of Cancellation Charges.** CenturyLink will waive the Cancellation Charge for a cancelled Service:

2. When Customer cancels a Special Access ordered as Leased Access if it is (A) DS3 or less, (B) is not part of a bundle or package offering that required Customer to order the local loop with other service components and (C) the local loop has been in service for at least 12 months prior to the requested date of cancellation
3. When Customer upgrades existing Special Access, Native Single-CoS Low/Medium/High, Native Multi-CoS, ELA over SONET, or Wavelength Local Access ("Existing CLPA Service") with new Service within the same specific type of Service technology at

**CENTURYLINK MASTER SERVICE AGREEMENT
STATE, LOCAL AND EDUCATION GOVERNMENT AGENCIES VERSION
LOCAL ACCESS SERVICE EXHIBIT**

a higher Service speed (e.g., Special Access DS1 to Special Access DS3 or Native Single-CoS Low Fast E to Native Single-CoS Low Gig E) and with the same local access provider ("Upgraded CLPA Service"). The Upgraded CLPA Service will have a new Service Term beginning upon delivery of the Connection Notice. If the type of Service technology changes when Customer upgrades Existing CLPA Service, Customer must pay Cancellation Charges.

(e) **Customer Provided Access—Cancellation of Connectivity after Delivery of a Connection Notice.** To cancel CPA, Customer must provide CenturyLink with a written disconnect firm order confirmation ("DFOC") notice from Customer's CPA provider along with notice to cancel the CPA. If Customer fails to provide CenturyLink with the DFOC notice within 30 calendar days after CenturyLink's receipt of the notice to cancel the CPA, or if CenturyLink disconnects CPA for Cause, then CenturyLink may disconnect the CPA or require the CPA provider to do so. Customer will remain liable for charges for the connectivity to CPA (even if Customer cannot use the CPA) until: (i) Customer furnishes the required DFOC to CenturyLink; or (ii) either party cancels the associated CPA with the CPA provider.

6. **Grooming.** If CenturyLink plans to groom a circuit on which Service is provided, CenturyLink will provide a grooming notice to Customer. For CPA dedicated facilities grooming, Customer will provide a signed LOA to CenturyLink so that CenturyLink can order the necessary changes. Within 20 calendar days after receipt of that notice, Customer will: (a) notify CenturyLink of its approval, which may not be unreasonably withheld; (b) state its reason for refusing; or (c) request that CenturyLink provide Customer with an LOA so Customer can order the necessary changes. Customer's failure to respond within the 20-day period will constitute approval of the groom. If the groom results in Customer incurring additional NRCs from its local access provider and Customer provides sufficient proof of the local access provider charge, CenturyLink will issue a credit to Customer equal to the local access provider NRC for each groomed circuit. If Customer refuses the groom for On-Net Access, CenturyLink will, upon 20 calendar days' prior written notice, cancel the Service on that circuit and assess a Cancellation Charge. When Customer does not respond to a CPA dedicated facilities grooming notice or refuses a CPA dedicated facilities groom, Customer must either: (a) provide CenturyLink with a LOA/CFA so that CenturyLink can have the local access provider cancel the circuit, or (b) work directly with the local access provider to cancel the circuit. If Customer does neither of these things, CenturyLink will pass through to Customer any costs incurred by CenturyLink from the local access provider as a result of the circuit remaining in place. "CFA" means circuit facility assignment of the CenturyLink facility, as identified by CenturyLink, to which Customer must order a local loop for connection to the CenturyLink Domestic Network.

7. **Other Terms.**

7.1 **General.** Any references to a Revenue Commitment or Contributory Charges will not apply to this Service Exhibit.

7.2 **Cancellation and Termination Charges.** This Section replaces Section 4.6, the Cancellation and Termination Charges set forth in the Agreement.

Termination. Either party may terminate a specified Service: (a) as set forth above with 60 days' prior written notice to the other party, or (b) for Cause. Customer may cancel an Order (or portion thereof) for Service prior to the delivery of a Connection Notice upon written notice to CenturyLink identifying the affected Order and Service. If Customer does so, Customer will pay CenturyLink the termination charges set forth above, in addition to any and all charges that are accrued but unpaid as of the termination date. If the Agreement is terminated by Customer for any reason other than for Cause, or by CenturyLink for Cause prior to the conclusion of the Term, all Services are deemed terminated, and Customer will pay the termination charges set forth above, in addition to any and all charges that are accrued but unpaid as of the termination date. "Cause" means the failure of a party to perform a material obligation under the Agreement, which failure is not remedied: (a) for payment defaults by Customer, within five days of separate written notice from CenturyLink of such default; or (b) for any other material breach, within 30 days after written notice (unless a shorter notice period is identified in a Service Attachment).

7.3 **Out-of-Service Credit.** For Services without a Service Level or applicable out-of-service credit for service interruption in a Tariff, this Out-of-Service Credit is the Service Level provision for purposes of the Agreement. Customer must request the Out-of-Service Credit and open a trouble ticket to report to CenturyLink the interruption of Service to CenturyLink. If CenturyLink causes Downtime, CenturyLink will give Customer a credit; such credit will be paid as a percentage of the Customer's MRC based on the ratio of the number of minutes of Downtime relative to the total number of minutes in the month when the Downtime occurred. No credits will be given where the Downtime is caused by: (a) the acts or omissions of Customer, its employees, contractors or agents or its End Users; (b) the failure or malfunction of equipment, applications or systems not owned or controlled by CenturyLink or its international service providers; (c) Force Majeure Events; (d) scheduled service maintenance, alteration or implementation; (e) the unavailability of required Customer personnel, including as a result of failure to provide CenturyLink with accurate, current contact information; (f) CenturyLink's lack of access to the Customer premises where reasonably required to restore the Service; (g) Customer's failure to release the Service for testing or repair and continuing to use the Service on an impaired basis; (h) CenturyLink's termination of Service for Cause or Customer's violation of the Use of Service provisions in this Appendix or in the applicable Service Exhibit, or (i) improper or inaccurate network specifications provided by Customer. "Downtime" is an interruption of Service confirmed by CenturyLink that is measured from the time Customer opens a trouble ticket with CenturyLink to the time Service has been restored. "Cause" means the failure of a party to perform a material obligation under the Agreement, which failure is not remedied: (a) for payment defaults by Customer, within five days of separate written notice from CenturyLink of such default; or (b) for any other material breach, within 30 days after written notice.

7.4 **Installation, Maintenance and Repair.** The following are supplemental terms to the Scheduled Maintenance and Local Access

**CENTURYLINK MASTER SERVICE AGREEMENT
STATE, LOCAL AND EDUCATION GOVERNMENT AGENCIES VERSION
LOCAL ACCESS SERVICE EXHIBIT**

section of the Agreement: (a) Provision of Services is subject to availability of adequate capacity and CenturyLink's acceptance of a complete Order Form and (b) Customer is responsible for any facility or equipment repairs on Customer's side of the demarcation point. Customer may request a technician dispatch for Service problems. Before dispatching a technician, CenturyLink will notify Customer of the dispatch fee. CenturyLink will assess a dispatch fee if it determines the problem is on Customer's side of the demarcation point or was not caused by CenturyLink's facilities or equipment on CenturyLink's side of the demarcation point. "Order Form" includes both order request forms and quotes issued by CenturyLink. If a CenturyLink service requires a quote to validate the Order Form pricing, the quote will take precedence over the order request form, but not over the Service Exhibit.

7.5 Service Notices. Notices for disconnection of Service must be submitted to CenturyLink via Email at BusinessDisconnects@Centurylink.com. Notices of non-renewal for Services must be sent via e-mail to CenturyLink, Attn.: CenturyLink NoRenew, e-mail: NonRenew@centurylink.com. Notices for billing inquiries/disputes or requests for Service Level credits must be submitted to CenturyLink via Customer's portal at <https://www.centurylink.com/business/login/> or via Email at: Care.Inquiry@Centurylink.com. All other routine operational notices will be provided by Customer to its CenturyLink sales representative.

7.6 Acceptable Use Policy and Use of Service. CenturyLink may also terminate Service for Cause under this Section where Customer's use of the Service: (a) is contrary to the Acceptable Use Policy incorporated by this reference and posted at <http://www.centurylink.com/legal/>, (b) constitutes an impermissible traffic aggregation or Access Arbitrage, (c) avoids Customer's obligation to pay for communication services, and (d) violates the Use of Service terms or compliance terms. Customer may have obligations under 47 CFR 9.5 relating to 911 if Customer combines the Service with other products creating a VoIP or VoIP-like service that facilitates the transmission of voice services.

7.7 CPNI. CenturyLink is required by law to treat CPNI confidentially. Customer agrees that CenturyLink may share CPNI within its business operations (e.g., wireless, local, long distance, and broadband services divisions), and with businesses acting on CenturyLink's behalf, to determine if Customer could benefit from the wide variety of CenturyLink products and services, and in its marketing and sales activities. Customer may withdraw its authorization at any time by informing CenturyLink in writing. Customer's decision regarding CenturyLink's use of CPNI will not affect the quality of service CenturyLink provides Customer. "CPNI" means Customer Proprietary Network Information, which includes confidential account, usage, and billing-related information about the quantity, technical configuration, type, destination, location, and amount of use of a customer's telecommunications services. CPNI reflects the telecommunications products, services, and features that a customer subscribes to and the usage of such services, including call detail information appearing in a bill. CPNI does not include a customer's name, address, or telephone number.

7.8 Conflicts. If a conflict exists among the provisions of the Service Attachments, the order of priority will be as follows: the Service Exhibit and then the Agreement.

7.9 Fees. Charges for certain Services are subject to (a) a property tax surcharge of 4.75% and (b) a cost recovery fee of 5.1% per month to reimburse CenturyLink for various governmental taxes and surcharges. Such charges are subject to change by CenturyLink and will be applied regardless of whether Customer has delivered a valid tax exemption certificate. For additional details on taxes and surcharges that are assessed, visit <http://www.centurylink.com/taxes>. Additional rates, charges and fees for Service elements not identified in the Agreement are located in the applicable Tariff. "Tariff" includes as applicable: CenturyLink state tariffs, price lists, price schedules, administrative guidelines, catalogs, and rate and term schedules incorporated by this reference and posted at <http://www.centurylink.com/tariffs>.

8. Definitions. Capitalized terms not defined in this Service Exhibit are defined in the Agreement.

"CenturyLink Domestic Network" means the CenturyLink network located within the contiguous U.S., Alaska and Hawaii, which is comprised only of physical media, including switches, circuits, and ports that are operated by CenturyLink.

"CPOP" means a CenturyLink-owned physical point of presence that lies directly on the CenturyLink Domestic Network where direct interconnection between the CenturyLink Domestic Network and a local access provider's network is possible.

"Demarcation Point" means the CenturyLink designated interface between the CenturyLink Domestic Network or the Leased Access provider network and Customer's telecommunications equipment. The Demarcation Point is typically located at a suitable location in the basement or on the first floor of a Service Address where provision is made for termination of the local access provider's outside distribution network facilities.

"Leased Access" means local backbone access circuits ordered and leased by CenturyLink from a local access provider chosen by CenturyLink.

"On-Net Access" means local backbone access circuits provided solely on CenturyLink owned and operated facilities.

"Preferred Provider" or "PP" means a specific local access provider requested by Customer for Leased Access.

"Service Address" means the building where Customer receives Service. Only a building that is classified by CenturyLink as a business address can be a Service address.

**CENTURYLINK MASTER SERVICE AGREEMENT
STATE, LOCAL AND EDUCATION GOVERNMENT AGENCIES VERSION
LOCAL ACCESS SERVICE EXHIBIT
PRICING ATTACHMENT**

Except as set forth in this pricing attachment, capitalized terms will have the definitions assigned to them in the Agreement or the Local Access Service Exhibit.

1. Customer will pay the MRCs and Install NRCs for the Service selected. In addition, Customer will pay all MRCs or NRCs for any ancillary services provided as described in the Local Access Service Exhibit, including without limitation Construction charges.
2. Customer will pay the MRCs and NRCs for Service at the particular Service Address; or NPA/NXX or CLLI if no Service Address is provided, set forth in the pricing table below. The MRCs and NRCs set forth below apply to new Service only and do not apply to Service ordered prior to the effective date of this pricing attachment. All MRCs and NRCs set forth in the below table apply per circuit and not per Service Address. Any modifications to any attribute of the particular Service in the pricing table below (i.e., the NPA/NXX or CLLI, Service Address, Type of Local Access, Service term or circuit speed) will render the pricing below void, and Customer will pay the revised rates agreed upon by the parties for the particular Service at the Service Address or NPA/NXX or CLLI, as applicable. If a DS1 is bonded with one or more DS1s to create a higher speed NxDS1 at the same Service Address, the MRC for the DS1 may be multiplied by the number of bonded DS1s to determine the MRC for the NxDS1.

NPA/NXX	Loop Tracking ID	Service Address	Type of	Service Term	Circuit Speed	Local Access MRC	Install NRC
352468	190213155551	10501 HAMPTON AVE HAMPTON FL 32044	ELA - Native SingleCoSlow LEASED WINDSTREAM FLORIDA, INC.	12	Fast Ethernet- 100 Mbps	\$ 895.00	\$ -
352485	190213155550	18551 CHARLOTTE AVE BROOKER FL 32622	ELA - Native SingleCoSlow LEASED WINDSTREAM FLORIDA, INC.	12	Fast Ethernet- 100 Mbps	\$ 895.00	\$ -
904782	2019-L94690	22703 Park Street Lawtey FL 32058	ELA - Native Single COs Low	12	Fast Ethernet 100 Mbps	\$ 2,247.00	\$ -
904368	190304040865	501 W WASHINGTON ST STARKE FL 32091	ELA - Native SingleCoSlow	12	Fast Ethernet- 400 Mbps	\$ 703.00	\$ -
904368	190213155558	823 STANSBURY ST STARKE FL 32091	ELA - Native SingleCoSlow	12	Fast Ethernet- 100 Mbps	\$ 1,115.00	\$ -

3. Prior to ordering additional Service that is not specified above, Customer and CenturyLink must execute a separate amendment to this Agreement.

4. **Leased and On-Net CenturyLink Provided Access Install NRC Discount.** Install NRCs specified above for Leased and On-Net CenturyLink Provided Access will receive a 100% discount so long as such Service ordered hereunder and subject to this discount remains installed and used by Customer for the duration of the first 12 months of the Service Term. Supplemental NRCs, including but not limited to: Construction, Extended Wiring, Local Loop Expedite, Local Loop Change Fee and Multiplexing, Customer Provided Access NRCs, and Cross-Connect NRCs are not eligible for any discount.

**E-RATE AND/OR RHC/HCF PROGRAM
ADDENDUM**

CenturyLink and Customer are entering an Agreement for the provision of certain telecommunications services, equipment or both ("Service") (Opportunity ID: 56189456). The Service may be eligible for discounts or other benefits under the Universal Service Fund Schools and Libraries Program established by the Telecommunications Act of 1996 ("E-rate Program") or under the Rural Health Care Program including the Healthcare Connect Fund ("RHC/HCF Programs") established by the Federal Communications Commission ("FCC") and administered by the Universal Service Administrative Company ("USAC") or other administrative body designated by the FCC, or under state or local corollaries to the E-rate and/or RHC/HCF Programs (collectively, the discounts or other benefits are referred to as "Support"). Due to program guidelines, this E-rate and/or RHC/HCF Program Addendum ("Addendum") must be incorporated into the parties' underlying Agreement and is binding when acknowledged by Customer or when Customer receives Service.

1. **Precedence and Interpretation.** The terms and conditions of this Addendum take precedence over all conflicting terms and conditions in the Agreement. All other terms and conditions of the Agreement remain unchanged.

2. **Term.**

2.1 **Agreement Term.** The term of the Agreement will commence as selected in the below table and will continue for 12 months thereafter, unless earlier terminated in accordance with the Agreement ("Term"). Upon mutual agreement of the parties, the Term may be extended an additional four (4) years, in one-year increments, for a maximum term not to exceed five (5) years. Should CenturyLink continue to provide Service after the expiration of the Term, the Term will continue on a month-to-month basis at the then current month-to-month rates, which may be terminated by either party upon 30 days written notice to the other party. Notwithstanding anything to the contrary elsewhere in the Agreement, while the Agreement is effective on the date the last party signs the Agreement, the Term of the Agreement will begin according to the following option selected by Customer:

<input type="checkbox"/> Option 1.	The Term will begin on the date the last party signs the Agreement. Customer is requesting Support but agrees that it will obtain Service and be liable for payment regardless of whether it receives Support.
<input checked="" type="checkbox"/> Option 2.	The Term will begin on July 1, 2019. Customer is requesting Support but agrees that it will obtain Service and be liable for payment regardless of whether it receives Support.
<input type="checkbox"/> Option 3.	After the initial execution of the Agreement by the parties, the Term will not commence until the date that CenturyLink receives USAC's Funding Commitment Decision Letter and/or Support Schedule. But if CenturyLink receives USAC's Funding Commitment Decision Letter before July 1, 2019, the Term will begin July 1, 2019. Customer will be responsible for payment for Service throughout the remainder of the Term and for any amounts not covered by the Support, irrespective of the availability of Support for future years.

2.2 **Service Term.** Notwithstanding any conflicting term defined in a Service Exhibit, Quote, Order, Pricing Attachment or Table, the term of an individual Service begins on the Service Commencement Date or Start of Service Date for that Service and continues for the number of months remaining in the Term of the underlying Agreement ("Service Term"). Service will continue month-to-month at the expiration of the Service Term at the then current month-to-month rates, terminable by either party with 30 days written notice to the other party. Any reference to automatic renewals will have no force or effect.

3. **Applications for Support.** Following execution of the Agreement and if Customer chooses to seek Support for Service, Customer will take appropriate steps to ensure that USAC receives an application and any other necessary documentation to request Support for Service. Customer will promptly provide CenturyLink with a copy of its Funding Commitment Decision Letter, Support Schedule and all other relevant documentation requested by CenturyLink. Customer will abide by all FCC and USAC rules and obligations for receipt of Support, including but not limited to confirming receipt of Service.

4. **Payment for Services.**

4.1. **Customer Responsibility.** At all times during the Term of the Agreement, Customer is responsible for payment for Services in accordance with the payment terms described in the Agreement, including, but not limited to, periods when Customer may not be eligible for Support or if the FCC or USAC fails to reimburse CenturyLink for Service, or if the FCC or USAC reclaims any portion of Support paid to CenturyLink on Customer's behalf. Customer will reimburse CenturyLink for any Support amounts not reimbursed, or amounts reclaimed, by the FCC or USAC.

4.2. **Support Payments.** CenturyLink will apply Support to Customer's billing accounts for the Services when payments are received by CenturyLink. Customer may elect to pay the portions of its invoices for Services that are not covered by Support and rely on payment for the remainder of the invoice by Support being received by CenturyLink. If, at any time, CenturyLink does not receive full payment of an invoice balance by the due date of the invoice, regardless of source, CenturyLink will charge Customer late payment charges as stated in the Agreement. While CenturyLink will use commercially reasonable efforts to assist Customer in requesting Support, CenturyLink is

**E-RATE AND/OR RHC/HCF PROGRAM
ADDENDUM**

not responsible for Customer's compliance with FCC or USAC rules and regulations, Customer's applications for Support, or any decisions or actions by the FCC or USAC with respect to Customer.

4.3. Invoice Submission. Customer will promptly submit its invoices to USAC along with any necessary forms and related documentation to facilitate payment of Support by USAC. Customer is responsible for any late fees associated with delays on USAC invoice processing unless such delays are directly attributable to CenturyLink.

5. Competitive Offer. Any references in the Agreement to Competitive Offers will have no force or effect. Rates cannot change during the Term of the Agreement unless mutually agreed by both parties in writing.

6. Upgrades; MACDs. For moves, adds or changes, including upgrades, agreed to by CenturyLink, Customer will pay CenturyLink's then current charges which will be based upon the Term remaining in the Agreement. Termination charges will be assessed to any Services disconnected that did not fulfill the applicable required Service Term. A move, add, change or upgrade will not start a new Service Term. The Service Term for any move, add, change or upgrade must be coterminous and cannot exceed the Term of the underlying Agreement.

7. Title to Equipment. Any equipment for which Customer is not applying for Category Two Support under the E-rate and/or RHC/HCF Programs that is used in the provision of Services under the Agreement, is the property of CenturyLink. Customer neither owns nor will acquire any right of ownership to any such CenturyLink-provided equipment. Upon termination or expiration of the Agreement, Customer will surrender and immediately return the CenturyLink-provided equipment to CenturyLink or will provide CenturyLink access to reclaim such equipment.
